**XIV. PUBLIC LIBRARY ASSURANCE OF COMPLIANCE WITH
SYSTEM MEMBERSHIP REQUIREMENTS**

We assure the Public Library System of which this library is a member and the Division for Libraries, Technology, and Community Learning, Department of Public Instruction that this public library is in compliance with the following requirements for public library system membership as listed in Wis. Stats. A check (X) or a mark in the checkbox indicates compliance with the requirement.

- The library is established under s. 43.52 (municipalities), s. 43.53 (joint libraries), or s. 43.57 (consolidated county libraries and county library services) of the Wisconsin Statutes [s. 43.15(4)(c)1].
- The library is free for the use of the inhabitants of the municipality by which it is established and maintained [s. 43.52(2), 73 Op. Atty. Gen. 86(1984), and OAG 30-89].
- The library's board membership complies with statutory requirements regarding appointment, length of term, number of members and composition. [s. 43.54 (municipal and joint libraries), s. 43.57(4) & (5) (consolidated and county library services), and s. 43.60(3) (library extension and interchange)].
- The library board has exclusive control of the expenditure of all moneys collected, donated, or appropriated for the library fund [s. 43.58(1)].
- The library director is present in the library at least 10 hours a week while library is open to the public, less leave time [s. 43.15(4)(c)6].
- The library board supervises the administration of the library, appoints the librarian, who appoints such other assistants and employees as the library board deems necessary, and prescribes their duties and compensation [s. 43.58(4)].
- The library is authorized by the municipal governing board to participate in your public library system [s. 43.15(4)(c)3].
- The library has entered into a written agreement with the public library system board to participate in the system and its activities, to participate in interlibrary loan of materials with other system libraries, and to provide, to any resident of the system area, the same library services, on the same terms, that are provided to the residents of the municipality or county that established the member library. This shall not prohibit a municipal, county, or joint public library from giving preference to its residents in library group programs held for children or adults if the library limits the number of persons who may participate in the group program, or from providing remote access to a library's electronic database only to its residents. [s.43.15(4)(c)4].
- The library's head librarian holds the appropriate grade level of public librarian certification from the Department of Public Instruction [s.43.15(4)(c)5 and Administrative Code Rules PI 6.03].
- The library annually is open to the public an average of at least 20 hours each week except that for a library in existence on June 3, 2006, annually is open to the public an average of at least 20 hours or the number of hours each week that the library was open to the public in 2005, whichever is fewer [s. 43.15(4)(c)7].
- The library annually spends at least \$2,500 on library materials. [s. 43.15(4)(c)8].

STATEMENT CONCERNING PUBLIC LIBRARY SYSTEM EFFECTIVENESS

As required by Wis. Stat. s. 43.56(6)(c), the following statement with the appropriate wording indicated (that the library system either did or did not provide effective leadership and adequately meet the needs of the library) must be approved by the library board. The decision about whether the library system did or did not provide effective leadership and adequately meet the needs of the library should be made in the context of the public library system's statutory responsibilities and the funding which it has available to meet those responsibilities.*

The Mead Public Library Board of Trustees hereby states that in 2011, the Eastern Shores Library System

Name of Public Library

Name of Your Public Library System/Service

Indicate with an X one of the following two statements.

- [X] Did provide effective leadership and adequately meet the needs of the library.
[] Did not provide effective leadership and adequately meet the needs of the library.

Explanation of library board's response. Attach additional sheets if necessary.

* The statement may be sent directly to the Division for Libraries and Community Learning (DLTCL), c/o John DeBacher, P.O. Box 7841, Madison, WI 53707-7841. This page need not be forwarded to your library system.

CERTIFICATION

The preceding statement was approved by the Public Library Board of Trustees.

Division staff will compile the statements received for each library system and, as required by Wis. Stat. s. 43.05(14), conduct a review of a public library system if at least 30 percent of the libraries in participating municipalities that include at least 30 percent of the population of all participating municipalities report that the public library system did not adequately meet the needs of the library. This statement may be provided to your public library system.

R. O. No. 356-11-12. By CITY CLERK. February 6, 2012.

Submitting a communication from the Sheboygan County Taxpayers Alliance questioning why the Alderpersons haven't introduced a referendum question about a full-time or part-time Mayor.

~~Whole~~

Susan Richards
City Clerk

Address to Common Council and Agenda Item

Sheboygan County Taxpayers Alliance

Richard W. Suscha – SCTA Spokesman

Why haven't the aldermen introduced a referendum question about a full-time or part-time mayor? Based on the recent establishment of a City Administrator, the position of mayor need not be, nor should it be, a full-time position, even at a reduced salary of \$60,000. That, plus benefits, plus a 2.5% increase every year is way too much for a person who now will only cut ribbons, run council meetings, appoint committee members and talk about his vision.

The City Administrator, just like the County Administrator, is now the most important position... as it should be. The county has done an excellent job in controlling expenses over the last six years. The same can happen in the city of Sheboygan. The citizens will not lose their right to chose and elect a mayor, only it will be a part-time position. Remember, he or she, will still break ties and have 'veto' power. Those are important issues, but not worth the position or salary of a full-time mayor. We don't need a \$60,000 full-time mayor much less a \$60,000 part-time mayor.

Now you are talking about increasing the City Administrator's salary. What happened to a revenue neutral position??? That promise didn't last long!!! It's time to re-think this issue and ask the people about a full-time or part-time mayor before it's too late.

R. O. No. 357- 11 - 12. By CITY CLERK. February 6, 2012.

Submitting a communication from Richard Hartmann stating that the outcome of the upcoming mayoral recall election, no matter the winner, must not prevent the quasi-judicial hearing from happening, for it is the only way to put the matter behind us.

City Clerk

January 26, 2012

To all City of Sheboygan alderpersons I respectfully submit:

The issue of restoring dignity to the office of mayor in Sheboygan cannot be accomplished at the ballot box. It is a well known fact that name recognition and money spent on an election often determine the outcome, but neither of these satisfy the objective of restoring dignity.

It then follows that the allegations lodged against the accused are either validated or disproved, and that should be the basis of our determination.

The outcome of the upcoming mayoral recall election, no matter the winner, must not prevent the quasi-judicial hearing from happening, for it is the only way to put the matter behind us.

All parties involved, the general public and the mayor himself deserve closure.

February 27, 2012

James Bohren, Alderman
1526 Knoll Crest Drive
Sheboygan, WI 53081

Dear Alderman Bohren

For the past two summers, I have operated a popcorn wagon in Fountain Park and it has become quite popular with the citizens of our community. The activity has been quite successful and popular. I further believe that any conflict between the Farmer's Market and Pop's Corn has been resolved. With that in mind, I would like to request that the Public Works committee renew the agreement for 2012.

I have attached a copy of last years agreement between the City and myself for your review. Since David Biebel is my son, I would like to avoid any conflict or special privilege. Therefore I thought it might be best to deal directly with you and your committee.

If you have any other questions, you can reach me at 458-3168 and I will be glad to attend any of your committee hearings to answer questions from other members of your committee.

Thank you for your prompt attention to this requestd.

Sincerely,

Harold Biebel

TO: Harold Biebel
2442 Cross Creek Drive
Sheboygan, WI 53081

This constitutes permission to operate a popcorn stand in Fountain Park during calendar year 2010, in accordance with City Code Section 74-54.

As the park system is intended for the benefit of the general public, authorization for vending is limited to services consistent with this intent and the vendor is required to strictly adhere to the conditions as follows.

1. **Transient Merchant License:** A City of Sheboygan transient merchant license shall be obtained from the office of the City Clerk.
2. **Location:** The permit to vend in Fountain Park is approved as the land use in the area of the park is consistent with commercial activity. The cart will be allowed in the area shown on the attached site map. The cart shall not obstruct pedestrian movement. The Public Works Department may require temporary relocation to accommodate special events in the park. To the extent the services provided remain consistent with the activities in the park, the department will provide the location and electrical outlet.
3. **Vending:** The permit is approved for the activities outlined in your correspondence of February 16, 2010 (attached). As indicated the popcorn cart shall be designed with a function and aesthetic consistent with the park setting. The cart shall be removed within one week of the discontinuance of sales.
4. **Hours of Operation:** The vending cart may be operated during the regular City park hours. The stand shall be open for business a sufficient number of hours to demonstrate ongoing service to the public. An indication, including that demonstrated by operating hours, that the permit is used only to gain access to or compete for revenue with special events authorized in Fountain Park will be reason to revoke the permit.
5. **Cancellation:** The Public Works Department retains the right to revoke the permit for non-compliance with the conditions, failure to maintain the cart and site or any disruption to the general use of the Park that the vending may cause.
6. **Insurance:** The vendor shall provide proof of liability insurance.

William Bittner,
Director of Public Works

Acknowledgement of Conditions

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

Furthermore, it is noted that regular audits are essential to identify any discrepancies or errors early on. This proactive approach helps in maintaining the integrity of the financial statements and prevents any potential issues from escalating.

In addition, the document highlights the need for clear communication between all parties involved. Regular meetings and reports should be conducted to keep everyone informed about the current status and any changes that may occur. This collaborative effort is key to the success of the organization.

The second part of the document provides a detailed overview of the current financial performance. It includes a breakdown of revenues, expenses, and net income for the reporting period. The data shows a steady increase in revenue, which is a positive sign for the company's growth.

However, there are some areas where expenses have increased, particularly in the marketing and research & development departments. While these investments are necessary for long-term success, it is important to monitor them closely to ensure they are yielding the expected returns.

Overall, the document concludes that the company is on a positive trajectory. With continued focus on operational efficiency and strategic investments, the organization is well-positioned to achieve its long-term goals. The management team is committed to providing high-quality products and services to our customers, and we look forward to a successful future.

The document is signed by the Chief Financial Officer, who has reviewed and approved all the information presented. It is intended for the use of the Board of Directors and other key stakeholders.

Dear Alderpersons,

include in this e-mail is a web site that shows how the City of Dallas, Texas handles vehicles that are being operated with expired registration or without minimum liability insurance. How would you feel if you were involved in an accident where the operator of the other vehicle did not have auto insurance. Most of us carry a \$500.00 or more, deductible with the first \$500.00 or more, being paid by us if the other driver is not insured. This would be a good way to get those vehicles off the road or force the other driver to get insurance.

I'm asking Alderperson Kath to submit this to the appropriate committee to start the process in Sheboygan.

Let me know what you think.

Thanks,

Menhard Sonnemann

Dallas Resident,

Beginning January 1, 2009 the Dallas Police Department will begin enforcing the Uninsured Motorist Ordinance, approved by the Dallas City Council on May 28, 2008. Under this ordinance drivers stopped for a traffic violation who cannot show proof of auto insurance meeting state requirements will be issued a citation and will have his or her vehicle towed at the owner's expense. The City already tows the vehicles of uninsured motorists involved in traffic accidents.

The new ordinance is in response to the large number of people driving in the City of Dallas without the proper state required auto insurance. These uninsured drivers place an unfair burden on those who comply with state law and maintain auto insurance. The Dallas Police Department currently issues about 75,000 citations a year to motorists with no auto insurance. With the new ordinance, the city anticipates fewer of these citations as more drivers comply with the law to avoid having their vehicles towed.

To find out more about the Uninsured Motorist Ordinance that amended Section 28-4 of the Dallas City Code, please review the ordinance.

If you have any questions about this policy please call 311 (the City of Dallas' Customer Service Helpline) or 214-670-5111 when calling outside the City of Dallas.

Comply with state law: contact an automobile insurance provider and obtain auto insurance. It's the law.

Sheboygan County's Nonmotorized Transportation Pilot Program, Urban Middle School, North High School, and the City of Sheboygan Police Department have been working on a new initiative known as Paint the Pavement. The project, which is expected to be the first of its kind in the state, involves a group of residents painting a mural on an intersection; in this case, the North Avenue and 12th Street intersection has been chosen as the best location. The students will collaborate on a design that is vibrant, yet not distracting for drivers.

Dear Emily,

As Chief of Police for the Sheboygan Police Department, I strongly support Sheboygan's Paint the Pavement project.

Two of the City's schools have been working for several months with the City and County to develop this initiative. The initiative is an effort to involve the students at Urban Middle School and North High School, as well as members of the surrounding community, to take an active role in helping to increase the awareness of traffic safety in the area around our schools. A number of my officers have taken part in the effort, generously volunteering their time to contribute to it. We have a strong community policing effort, and are an active voice in several of the community's outreach initiatives. The Police Department is also involved in several of the Nonmotorized Transportation Pilot Program's events, including its Walking School Bus and annual bike corrals. We are an avid supporter of the Program's goals to make walking and bicycling safer and more appealing in our community.

My staff works directly with the schools and neighborhoods they patrol to ensure the City of Sheboygan is a safe place to live. The officers regularly interact with local neighborhood organizations, and our School Resource Officers have a strong relationship with the students. The officers take a vested interest in the schools at which they work and in the students as individuals. By assisting the students on a project for which the design will be entirely student-led, the Police Department is encouraging them to take ownership in their community at a young age.

As the Chief of Police, I am a strong supporter of community led initiatives that will make our neighborhoods safer. Paint the Pavement projects make drivers more aware of people in the roadway and encourage community involvement among our residents. I personally recommend this project as another way to give the people of Sheboygan another unique asset to be proud of.

Best Regards,

 Christopher Domagalski

"At North High School, students, parents, staff, and community members work together to provide equal opportunity for learners to attain their highest level of academic achievement, personal growth, and intellectual development in a safe and caring environment."

16 February 2012

At North High School, we encourage our students to work with parents, staff, and community members to reach their highest level of personal growth and intellectual development. We take pride in the accomplishments of our student body, and our teachers work hard to ensure students realize their full potential during their time at North High School. Our goals as an organization tie in with those that the students hope to accomplish with their Paint the Pavement project, and for this reason I would like to express my sincere support for it.

Our students are constantly encouraged to find their niche, whatever it might be, during their time with us. An enthusiastic group of students here at North High School have found their place in the Paint the Pavement project, and are as excited as I am that their own artwork can become a special focal point of the community. They have been dedicating their time outside school to engage in a civic activity that will bring positive attention to the North High School neighborhood. Although we are very proud of the accomplishments for which any of the North High students are recognized, I am particularly honored to be principal of the students undertaking this project. They are aware that it is an extensive time commitment, yet they are revealing what it is to be an involved community member, even though they are yet teenagers.

By working with the younger children at Urban Middle School, my students are bridging the gap between the two age groups. They are helping the younger students to be better prepared for their life at North High, and to feel accepted before they even set foot through our doors. We have a very diverse student body, providing programs that cater to the interests of nearly every student. By leading the initiative for Paint the Pavement, North High School students are proving themselves to be open-minded, creative, and energetic about their community.

Because of the many benefits this program affords, including a safer neighborhood, a unique identifier for the high school, and a means for the students to be involved members of their community, I favor the implementation of our first Paint the Pavement project.

Sincerely,

February 23, 2012

At Urban Middle School, we are always interested in having a student body that is invested in the community and takes an active part in making their school a better place. For that reason, I am extremely proud that our students are willing to volunteer their time on the Paint the Pavement Project. These students have been working hard with their art teacher to create a long-term project that allows them to take ownership in their neighborhood and address safety in our school community.

In addition to displaying their dedication and abilities as students, Paint the Pavement reminds drivers that children are in the streets walking and biking, and to be alert for them by focusing their attention to the roadway. We stress the importance of walking to school; in fact, this winter we participated in Winter Walk to School Day during which several teachers and I walked groups of students to school to remind them of the importance of staying active, even during Wisconsin's colder winter months. Our students are proud of Urban Middle School and carried signs on the walk to let everyone know who we were and what we were doing.

Urban Middle School recognizes that the community will benefit from the skills learned in the classroom and by students actively participating in programs outside of the classroom. This is what makes Paint the Pavement so unique. These students are interacting directly with their neighbors, peers, North High School students, and other members of the community on a project that brings positive attention to our school. I am proud that they are going above and beyond, challenging themselves on a project made successful entirely by their own initiative. Because they are setting an example for the rest of their peers at Urban Middle School, I wish to express my support for Sheboygan's Paint the Pavement Project.

Sincerely,

Susan Nennig
Urban Middle School Principal

Aurora Health Care strives not only to find better ways of providing the best experience for our patients, but also of improving the communities in which our facilities are located. Our facility on North Avenue in Sheboygan has received the prestigious honor of being recognized as one of America's top 100 hospitals, among other national certifications and accreditations that allow our staff to provide the highest level of care. Because of our strong presence in the City of Sheboygan, as well as our past work with the Nonmotorized Program, I would like to express my support on Aurora Health Care's behalf for the Paint the Pavement initiative on North Avenue.

This project, located just a few blocks away from our facility, is sure to be a great asset for our community. When visitors arrive at the North Avenue Aurora building, they will pass the colorful mural on the way. The artwork is sure to remind people that they are in a neighborhood with a strong sense of community; it will also identify our area as a unique place in Sheboygan. Aside from this, Paint the Pavement projects have benefits of their own, including drawing motorists' attention to the road, and allowing the students that are painting it the opportunity to take real ownership in their neighborhood.

At Aurora Health Care, we stress the importance of initiatives such as this. I am proud to have employees that are interested in the well-being of others not only while they are working at Aurora, but also when they are "off the clock." My employees help their neighbors through their own involvement in community service projects, and through the benefits that raise money for our patients and those in need. Sheboygan's Paint the Pavement initiative is a similar example of people – in this case, students – going above and beyond to serve their community and help make it a better place. I strongly support this project, and on the behalf of a nearby not-for-profit organization, would like to see it become a success.

City of Sheboygan Fire Department

**Third and Fourth Quarter 2011
EMS Quality Assurance
and
Quality Improvement Report**

(July 1, 2011 – December 31, 2011)

Critical Care Paramedic Training

Beginning on January 1, 2013, the State of Wisconsin is planning changes to the Scope of Practice for paramedics licensed in the State of Wisconsin. The Scope of Practice is the set of skills that have been approved for various levels of emergency medical technicians in the day-to-day performance of their duties. There will be a licensure designation as a Paramedic and licensure designation as Critical Care Paramedic. The Sheboygan Fire Department is aware of the impending changes and has begun a process to assure that the high level of care provided to the citizens and visitors of Sheboygan remains the same, and for certain cases, increases.

Under the Critical Care Paramedic scope there will be a higher level of training required to monitor specialized equipment and certain critical medical cases. The Sheboygan Fire Department currently has 10 Firefighter/Paramedics with the Critical Care Paramedic endorsement. It is expected that when the change in scope takes place the Sheboygan Fire Department would license as a Critical Care Paramedic service. This would allow those personnel who have the Critical Care endorsement from the State of Wisconsin to use those skills in the course of their work in the emergency arena as well as the non-emergency arena. The remainder of the current department Firefighter/Paramedics will continue the high level of care provided as has been the case up to this point. In the future, it is likely that training in the Critical Care Paramedic scope would be offered to other interested Firefighter/Paramedics in the department.

Response Numbers and Times

Total # of Runs for 2011
(Data is from EMS Medical Service Bridge)

Month	# of Runs	% of Runs
January	215	7.06%
February	222	7.29%
March	204	6.70%
April	241	7.91%
May	269	8.83%
June	279	9.16%
July	280	9.19%
August	280	9.19%
September	261	8.57%
October	293	9.62%
November	237	7.78%
December	266	8.73%
Total	3047	100%

Response Times

Response time for the Sheboygan Fire Department continues to be exceptional to requests for emergency service. These numbers are consistent from month to month and fall within the expected industry standards for response time. What this means to the public is a response that is able to intervene and correct many issues whether medical, fire or any other unexpected problem in a manner that gives the best possible chance of a positive outcome.

For the third quarter of 2011 paramedic ambulances arrived on scene to requests for service 90% of the time within 7 minutes with an average response time of 4 minutes and 12 seconds. In many cases, the first response engine arrives prior to the ambulance to provide initial and potentially lifesaving care.

For the fourth quarter of 2011 paramedic ambulances arrived on scene to service requests 90% of the time within 6 minutes with an average response time of 4 minutes and 1 second.

Medical Quality Assurance

During the third and fourth quarter of 2011 the Sheboygan Fire Department was in the process of evaluating our future needs in the area of medical direction and quality assurance. After much discussion and contemplation, the department has decided to contract the services of Dr. Steven Zils of Aurora Medical Center Grafton to be our service medical director.

The ongoing review of responses and medical care has and will continue with immediate feedback to both the management of the fire department as well as the individual medics involved with the care. This process of immediate communication and feedback through the server-based reporting system has proven very effective at addressing questions and concerns between the medical director and the crews performing work in the field.

The new medical director is reviewing the plan for quality assurance and will decide on areas to measure and the process by which those measurements are made and how they will be reported. It is anticipated that a detailed report of numbers and types of calls reviewed by the medical director will continue in 2012.

Outside Comments and Correspondence

For the third and fourth quarter of 2011, there were no letters of correspondence or complaints to be investigated.

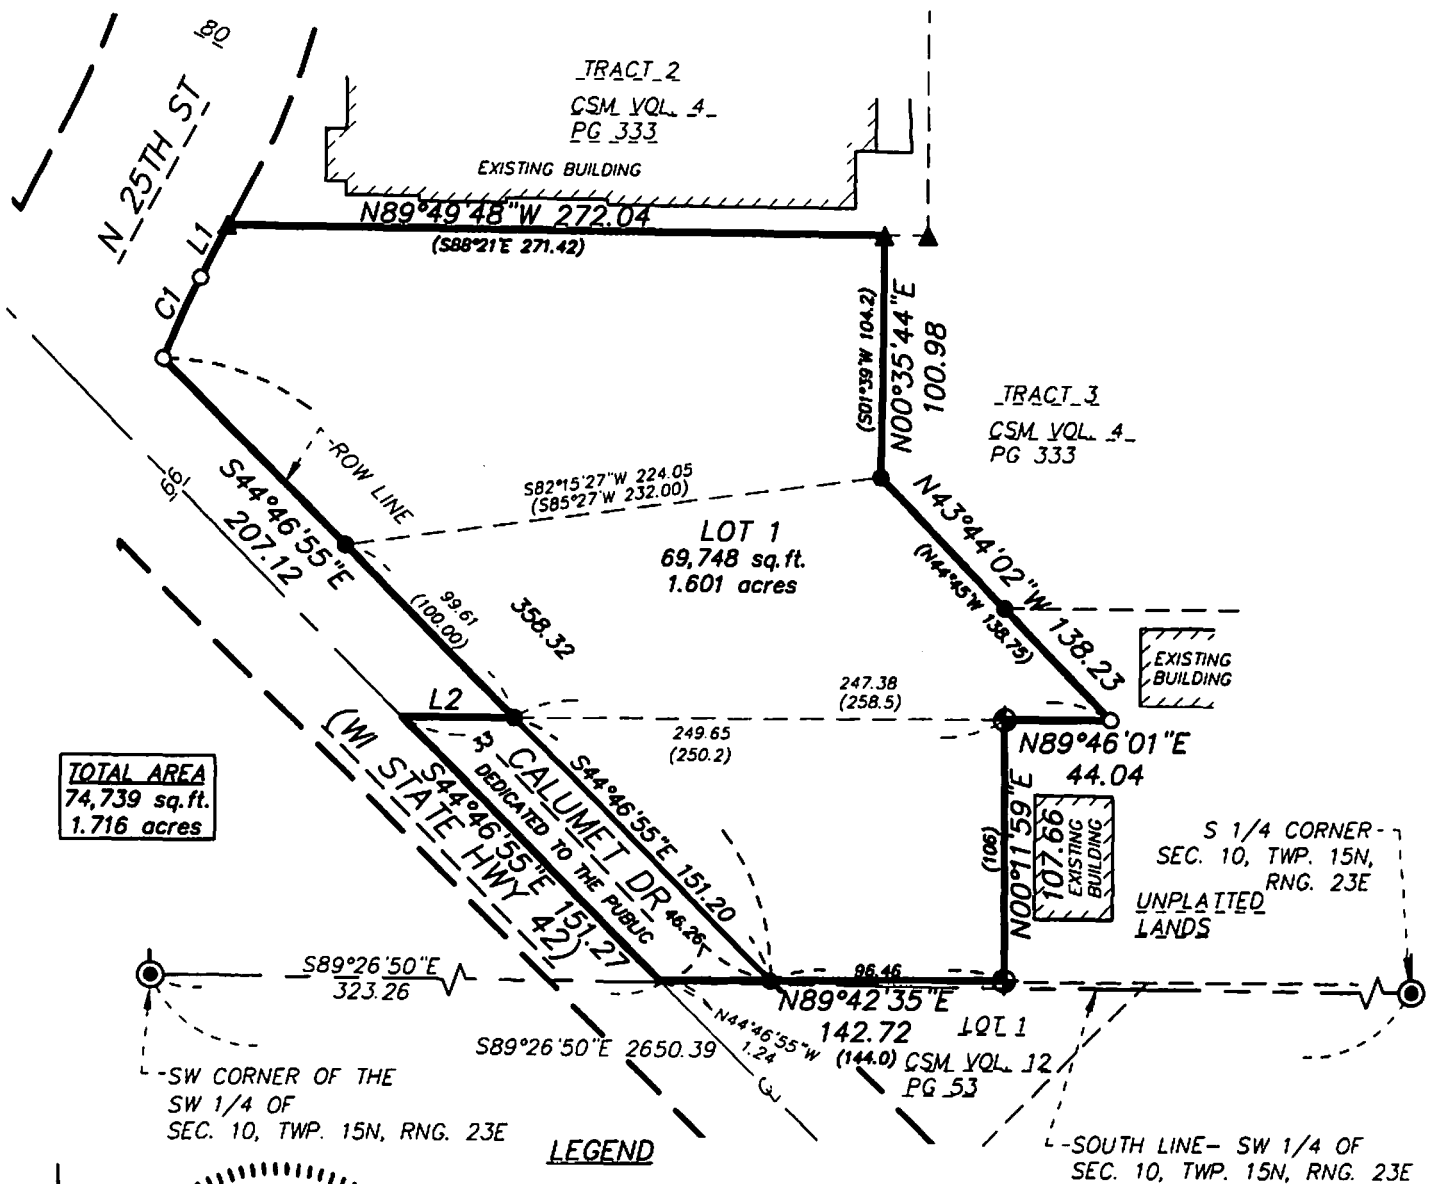

Respectfully Submitted,

Charles Butler, Jr.
Deputy Chief – EMS, Emergency Management, Health and Safety
City of Sheboygan Fire Department

January 30, 2012

City Clerk
Sheboygan, WI

I've attached the current Personal Property Tax Bill for 2011 and the Prepared Statement of Personal Property from 2011 on which it was based.

I made an error on page 4 - Total Supplies Inventory, which should have been about \$100. Instead, I listed my total inventory. It was at the time when my son was diagnosed with Lou Gehrig's Disease, and I simply wasn't concentrating well.

Hopefully this can be amended. I am requesting a reimbursement of approximately \$1400.

My attorney, Jason Dierkes, directed me to have the enclosed information served to the City Clerk, citing Statutes 74.35 and 74.37.

Thank you for your consideration.

Respectfully,

Mary Christian

74.35 Recovery of unlawful taxes.

(1) Definitions. In this section "unlawful tax" means a general property tax with respect to which one or more errors specified in s. [74.33 \(1\) \(a\)](#) to [\(f\)](#) were made. "Unlawful tax" does not include a tax in respect to which the alleged defect is solely that the assessor placed a valuation on the property that is excessive.

(2) Claim against taxation district.

(a) A person aggrieved by the levy and collection of an unlawful tax assessed against his or her property may file a claim to recover the unlawful tax against the taxation district which collected the tax.

(b) A claim filed under this section shall meet all of the following conditions:

1. Be in writing.
2. State the alleged circumstances giving rise to the claim, including the basis for the claim as specified in s. [74.33 \(1\) \(a\)](#) to [\(e\)](#).
3. State as accurately as possible the amount of the claim.
4. Be signed by the claimant or his or her agent.
5. Be served on the clerk of the taxation district in the manner prescribed in s. [801.11 \(4\)](#).

(2m) Exclusive procedure. A claim that property is exempt, other than a claim that property is exempt under s. [70.11 \(21\)](#) or [\(27\)](#), may be made only in an action under this section. Such a claim may not be made by means of an action under s. [74.33](#) or an action for a declaratory judgment under s. [806.04](#).

(3) Action on claim.

(a) In this subsection, to "disallow" a claim means either to deny the claim in whole or in part or to fail to take final action on the claim within 90 days after the claim is filed.

(b) The taxation district shall notify the claimant by certified or registered mail whether the claim is allowed or disallowed within 90 days after the claim is filed.

(c) If the governing body of the taxation district determines that an unlawful tax has been paid and that the claim for recovery of the unlawful tax has complied with all legal requirements, the governing body shall allow the claim. The taxation district treasurer shall pay the claim not later than 90 days after the claim is allowed.

(d) If the taxation district disallows the claim, the claimant may

commence an action in circuit court to recover the amount of the claim not allowed. The action shall be commenced within 90 days after the claimant receives notice by certified or registered mail that the claim is disallowed.

(4) Interest. The amount of a claim filed under sub. [\(2\)](#) or an action commenced under sub. [\(3\)](#) may include interest computed from the date of filing the claim against the taxation district, at the rate of 0.8% per month.

(5) Limitations on bringing claims.

(a) Except as provided under par. [\(b\)](#), a claim under this section shall be filed by January 31 of the year in which the tax is payable.

(b) A claim under this section for recovery of taxes paid to the wrong taxation district shall be filed within 2 years after the last date specified for timely payment of the tax under s. [74.11](#), [74.12](#) or [74.87](#).

(c) No claim may be filed or maintained under this section unless the tax for which the claim is filed, or any authorized installment payment of the tax, is timely paid under s. [74.11](#), [74.12](#) or [74.87](#).

(d) No claim may be made under this section based on the contention that the tax was unlawful because the property is exempt from taxation under s. [70.11 \(21\)](#) or [\(27\)](#).

(6) Compensation for taxation district. If taxes are refunded under sub. [\(3\)](#), the governing body of the taxation district may proceed under s. [74.41](#).

History: [1987 a. 378](#); [1989 a. 104](#); [1991 a. 39](#); [1997 a. 237](#); [2007 a. 19](#).

This section only authorizes courts to determine whether a taxpayer is exempt from taxes already paid, not taxes that might be assessed in the future. Tax exempt status, once granted, is not automatic. It is subject to continuing review, a notion inconsistent with a declaration that property is exempt from future property taxes. Northwest Wisconsin Community Services Agency, Inc. v. City of Montreal, 2010 WI App 119, ___ Wis. 2d ___, [789 N.W.2d 392](#), [09-2568](#).

74.37 Claim on excessive assessment.

(1) Definition. In this section, a "claim for an excessive assessment" or an "action for an excessive assessment" means a claim or action, respectively, by an aggrieved person to recover that amount of general property tax imposed because the assessment of property was excessive.

(2) Claim.

(a) A claim for an excessive assessment may be filed against the

taxation district, or the county that has a county assessor system, which collected the tax.

(b) A claim filed under this section shall meet all of the following conditions:

1. Be in writing.
2. State the alleged circumstances giving rise to the claim.
3. State as accurately as possible the amount of the claim.
4. Be signed by the claimant or his or her agent.
5. Be served on the clerk of the taxation district, or the clerk of the county that has a county assessor system, in the manner prescribed in s. [801.11 \(4\)](#) by January 31 of the year in which the tax based upon the contested assessment is payable.

(3) Action on claim.

(a) In this subsection, to "disallow" a claim means either to deny the claim in whole or in part or to fail to take final action on the claim within 90 days after the claim is filed.

(b) The taxation district or county that has a county assessor system shall notify the claimant by certified or registered mail whether the claim is allowed or disallowed within 90 days after the claim is filed.

(c) If the governing body of the taxation district or county that has a county assessor system determines that a tax has been paid which was based on an excessive assessment, and that the claim for an excessive assessment has complied with all legal requirements, the governing body shall allow the claim. The taxation district or county treasurer shall pay the claim not later than 90 days after the claim is allowed.

(d) If the taxation district or county disallows the claim, the claimant may commence an action in circuit court to recover the amount of the claim not allowed. The action shall be commenced within 90 days after the claimant receives notice by registered or certified mail that the claim is disallowed.

(4) Conditions.

(a) No claim or action for an excessive assessment may be brought under this section unless the procedures for objecting to assessments under s. [70.47](#), except under s. [70.47 \(13\)](#), have been complied with. This paragraph does not apply if notice under s. [70.365](#) was not given.

(b) No claim or action for an excessive assessment may be brought or maintained under this section unless the tax for which the claim is filed,

or any authorized installment of the tax, is timely paid under s. [74.11](#) or [74.12](#).

(c) No claim or action for an excessive assessment may be brought or maintained under this section if the assessment of the property for the same year is contested under s. [70.47 \(7\) \(c\)](#), [\(13\)](#), or [\(16\) \(c\)](#) or [70.85](#). No assessment may be contested under s. [70.47 \(7\) \(c\)](#), [\(13\)](#), or [\(16\) \(c\)](#) or [70.85](#) if a claim is brought and maintained under this section based on the same assessment.

NOTE: The supreme court in Metropolitan Associates v. City of Milwaukee, 2011 WI 20, held the amendment of par. (c) by [2007 Wis. Act 86](#) to be unconstitutional and severed from the remainder of the statute. Prior to the amendment by Act 86, par. (c) read:

(c) No claim or action for an excessive assessment may be brought or maintained under this section if the assessment of the property for the same year is contested under s. [70.47 \(13\)](#) or [70.85](#). No assessment may be contested under s. [70.47 \(13\)](#) or [70.85](#) if a claim is brought and maintained under this section based on the same assessment.

(d) No claim or action for an excessive assessment may be brought or maintained under this section if the taxation district in which the property is located enacts an ordinance under s. [70.47 \(7\) \(c\)](#) or if the 1st class city in which the property is located enacts an ordinance under s. [70.47 \(16\) \(c\)](#), except that this paragraph does not apply if the taxation district or the 1st class city did not comply with s. [70.365](#).

NOTE: The supreme court in Metropolitan Associates v. City of Milwaukee, 2011 WI 20, held the creation of par. (d) by [2007 Wis. Act 86](#) to be unconstitutional and severed from the remainder of the statute.

(5) Interest. The amount of a claim filed under sub. [\(2\)](#) or an action commenced under sub. [\(3\)](#) may include interest at the average annual discount rate determined by the last auction of 6-month U.S. treasury bills before the objection per day for the period of time between the time when the tax was due and the date that the claim was paid.

(6) Exception. This section does not apply in counties with a population of 500,000 or more.

NOTE: The supreme court in Nankin v. Village of Shorewood, 2001 WI 92, [245 Wis. 2d 86](#), [630 N.W.2d 141](#), held sub. (6) to be unconstitutional and severed from the remainder of the statute.

(7) Compensation. If taxes are refunded under sub. [\(3\)](#), the governing body of the taxation district or county that has a county assessor system may proceed under s. [74.41](#).

History: [1987 a. 378](#); [1989 a. 104](#); [1993 a. 292](#); [1995 a. 408](#); [2007 a. 86](#).

Sections [70.47 \(13\)](#), [70.85](#), and [74.37](#) provide the exclusive method to challenge a

municipality's bases for assessment of individual parcels. All require appeal to the board of review prior to court action. There is no alternative procedure to challenge an assessment's compliance with the uniformity clause. *Hermann v. Town of Delavan*, [215 Wis. 2d 370](#), [572 N.W.2d 855](#) (1998), [96-0171](#).

Sub. (6) is unconstitutional and severed from the remainder of the section. *Nankin v. Village of Shorewood*, 2001 WI 92, [245 Wis. 2d 86](#), [630 N.W.2d 141](#), [99-1058](#).

Claimants who never received notice of a changed assessment under s. 70.365 were exempt from the obligation to proceed before the board of review. However, they were required to meet the January 31 filing date in sub. (2), regardless of the fact that they never received the notice. *Reese v. City of Pewaukee*, 2002 WI App 67, [252 Wis. 2d 361](#), [642 N.W.2d 596](#), [01-0850](#).

While certiorari review of an assessment is limited to the review of the board of assessment's record, sub. (3) (d) allows the court to proceed without regard to any determination made at an earlier proceeding. The assessor's assessment is presumed correct only if the challenging party does not present significant contrary evidence. The court may hear new evidence and can enter a judgment if it is in the best interest of the parties under s. 73.39 (3). *Bloomer Housing Limited Partnership v. City of Bloomer*, 2002 WI App 252, [257 Wis. 2d 883](#), [653 N.W.2d 309](#), [01-3495](#).

After *Nankin*, the state-wide application of this section must prevail over any statutes that would defeat its implementation. Special rules help harmonize provisions that were once fully compatible with this section but, as a result of *Nankin*, conflict with this section. *U.S. Bank National Association v. City of Milwaukee*, 2003 WI App 220, [267 Wis. 2d 718](#), [672 N.W.2d 722](#), [03-0724](#).

When a taxpayer brings an action to recover excessive taxes under this section, the least favorable outcome for the taxpayer, and the best possible outcome for the taxation authority, is for the court to conclude there were no excessive taxes. The court cannot impose a greater tax burden than the one the taxation authority already agreed to when it accepted the taxpayer's payment. Although the court need not defer to the board of review's determination, and there is a statutory presumption that the assessor's determination is correct, when the board of review reduces the original assessment the court cannot reinstate the assessor's original assessment. *Trailwood Ventures, LLC v. Village of Kronenwetter*, 2009 WI App 18, [315 Wis. 2d 791](#), [762 N.W.2d 841](#), [08-1221](#).

When a city assessor correctly applies the Property Assessment Manual and statutes, and there is no significant evidence to the contrary, courts will reject a party's challenge to the assessment. *Allright Properties, Inc. v. City of Milwaukee*, 2009 WI App 46, [317 Wis. 2d 228](#), [767 N.W.2d 567](#), [08-0510](#).

1. This Claim is brought under Wis. Stat. § 74.37(3)(d), for a refund of excessive real estate taxes imposed on Claimant by the City for the year 2011, plus statutory interest, with respect to the Properties.
2. Claimant is the tenant of the Properties, is responsible for the payment of property taxes and the prosecution of property tax disputes involving the Properties and is authorized to bring this claim in its own name.
3. The City is a body corporate and politic, duly organized as a municipal corporation under Wisconsin law, with its principal office located at 828 Center Avenue, in the City.

CC: ATTY'S OFFICE, JIM AMORDEO, LEE GROSNICK, LAURI SUHRKE

4. The Properties are located at 1029 N. 14th Street, 2702 Calumet Drive and 3320 Business Drive within the City, and are identified in the City records as Tax Parcel Nos.: 59281205930, 59281629780 & 59281431734.

5. For 2011, property in the City was assessed at 103.625% of its fair market value as of January 1, 2011.

6. For 2011, property tax was imposed on property in the City at the rate of \$24.6610063 per \$1,000 for of the assessed value for Property.

7. For 2011, the City's assessor set the assessments of the Properties as follows:

59281205930: \$2,588,100
59281629780:\$2,485,500
59281431734: \$2,400,000.

8. Claimant appealed the 2011 assessment of the Properties by filing a timely objection with the City's Board of Review pursuant to Wis. Stat. § 70.47 and otherwise complying with all of the requirements of Wis. Stat. § 70.47, except Wis. Stat. § 70.47(13).

9. The City's Board of Review heard the Claimant's objection and sustained the assessments on the merits as follows:

59281205930: \$2,588,100
59281629780:\$2,485,500
59281431734: \$2,400,000

10. Based on those assessments, the assessment ratio and tax rate described in paragraphs 5, 6 and 7, the City imposed taxes on the Properties approximately as follows:

Subject: paintball booth at Narcotics Anonymous Function in sheboygan
Attachments: KMA_HippiEyed2012.pdf

Greetings,

My name is Dave Detrick, and I am the chairperson of the Public Relations subcommittee of the Kettle Moraine Area of Narcotics Anonymous. (which covers Sheboygan and Manitowoc counties)
We are putting on a fundraising function at the 1907 club in Sheboygan on May 5th 2012, and one of the fundraising activities planned is a paintball exhibition booth. (Ive attached a copy of the flyer in PDF format) There will be two people dressed in full protective gear who will act as human targets, taunting the shooters and trying to dodge the paintballs. People will be able to pay \$1 to fire five shots at our targets. The firing area will be enclosed in tarps in the way a softball pitch at a county fair would be, to contain any paint splatter and to ensure that there are no stray shots. The booth will also be set up so all shots will be fired in the direction of the field and woods behind the 1907 club. Paintball Paul of Manitowoc will be providing the equipment and full training for everyone involved to ensure safety. We will be turning the PSI on the guns as far down as they go as well.

Before we started planning this last year, we did research as far as laws or ordinances that would limit us on the sheboygan website (http://www.co.sheboygan.wi.us/html/d_cntyclrk_codebook.htm), and found none. However, a member contacted me last week and informed me that there was indeed an ordinance regulating paintball guns in the Sheboygan city limits. I apologize for this oversight, and I hope that we can be granted an exception for this function. The flyers have been circulating statewide for almost two months, and there is a lot of excitement about the paintball booth. We even have a few people coming from out of state to support our area.
