Scope of Engagement Re: Proposed Issuance of \$2,323,791 City of Sheboygan (the "City") Sewerage System Revenue Bonds, Series 2019D (Clean Water Fund Loan)

Dear Ms. DeBruin:

We are pleased to be working with you again as the City's bond counsel.

The purpose of this letter is to set forth the role we propose to serve and responsibilities we propose to assume as bond counsel in connection with the issuance of the above-referenced bonds (the "Bonds") by the City.

Role of Bond Counsel

Bond counsel is engaged as a recognized independent expert whose primary responsibility is to render an objective legal opinion with respect to the authorization and issuance of municipal obligations. As bond counsel we will: examine applicable law; prepare authorizing and closing documents; consult with the parties to the transaction, including the City's financial advisor (if any), prior to the issuance of the Bonds; review certified proceedings; and undertake such additional duties as we deem necessary to render the opinion. As bond counsel, we do not advocate the interests of the City or any other party to the transaction. We assume that the parties to the transaction will retain such counsel as they deem necessary and appropriate to represent their interests in this transaction.

Subject to the completion of proceedings to our satisfaction, we will render our opinion that:

- 1) the City has authority to issue the Bonds for the purpose in question and has followed proper procedures in doing so;**
- 2) the Bonds are valid and binding obligations of the City according to their terms; and,**
- 3) the interest paid on the Bonds will be excludable from gross income for federal income tax purposes (subject to certain limitations which may be expressed in the opinion).**

The opinion will be executed and delivered by us in written form on the date the Bonds are exchanged for their purchase price (the "Closing") and will be based on facts and law existing as of its date. Upon delivery of the opinion, our responsibilities as bond counsel will be concluded with respect to this financing; specifically, but without implied limitation, we do not undertake (unless separately engaged) to provide any post-closing compliance services including any assistance with the City's continuing disclosure commitment, ongoing advice to the City or any other party concerning any actions necessary to assure that interest paid on the Bonds will continue to be excluded from gross income for federal income tax purposes, or participating in an Internal Revenue Service, Securities and Exchange Commission or other regulatory body survey or investigation regarding or audit of the Bonds.

In rendering the opinion, we will rely upon the certified proceedings and other certifications of public officials and other persons furnished to us without undertaking to verify the same by independent investigation.

The services we will provide under this engagement are strictly limited to legal services. We are neither qualified nor engaged to provide financial advice and we will make no representation about the desirability of the proposed plan of finance, the feasibility of the projects financed or refinanced by the Securities, or any related matters.

Diversity of Practice: Consent to Unrelated Engagements

Because of the diversity of practice of our firm, members of our firm other than those who serve you may be asked to represent other clients who have dealings with the City regarding such matters as zoning, licensing, land division, real estate, property tax or other matters which are unrelated to our bond counsel work. Ethical requirements sometimes dictate that we obtain the City's consent to such situations even though our service to you is limited to the specialized area of bond counsel. We do not represent you in legal matters regularly, although we may be called upon for special representation occasionally, and our bond counsel work does not usually provide us information that will be disadvantageous to you in other representations. We do not believe that such representations of others would adversely affect our relationship with you, and we have found that local governments generally are agreeable to the type of unrelated

representation described above. By engaging our services under the terms of this letter, the City consents to our firm undertaking representations of this type. Your approval of this letter will serve to confirm that the City has no objection to our representation of other clients who have dealings with the City, unrelated to the borrowing and finance area or any other area in which we have agreed to serve it. If you have any questions or would like to discuss this consent further, please call us.

We also want to advise you that from time to time we represent the purchaser of the Bonds, the State of Wisconsin, and various departments and agencies of the State (collectively, the "State") or other bond market participants such as the City's financial advisor, if any. In past and current transactions that are not related to the issuance of the Bonds and our role as bond counsel to the City, we may have served or be serving as bond counsel or other counsel to the State or the City's financial advisor. We may also be asked to represent the State or the City's financial advisor in future transactions that are not related to the issuance of the Bonds or our role as bond counsel to the City. We would like to have an understanding with you that the City consents to our firm undertaking representations of this type.

As bond counsel, we will not assume or undertake responsibility for the preparation of an Official Statement or other disclosure document with respect to the Bonds, nor are we responsible for performing an independent investigation to determine the accuracy, completeness or sufficiency of any such document. However, if a disclosure document is prepared and adopted or approved by the City, we will either prepare or review any description therein of:

- i) Wisconsin and federal law pertinent to the validity of the Bonds and the tax treatment of interest paid thereon and
- (ii) our opinion.

Fees

Based upon: (i) our current understanding of the terms, structure, size and schedule of the financing, (ii) the duties we will undertake pursuant to this letter, (iii) the time we anticipate devoting to the financing, and (iv) the responsibilities we assume, we estimate that our fee as bond counsel would be approximately \$8,500, including all expenses. Such fee and expenses may vary: (i) if the principal amount of Bonds actually issued differs significantly from the amount stated above, (ii) if material changes in the structure of the financing occur, or (iii) if unusual or unforeseen circumstances arise which require a significant increase in our time, expenses or responsibility. If at any time we believe that circumstances require an adjustment of our original fee estimate, we will consult with you. It is our understanding that the City is responsible for our fee.

If, for any reason, the financing is not consummated or is completed without the rendition of our opinion as bond counsel, we will expect to be compensated at our normal hourly rates for time actually spent, plus out-of-pocket expenses. Our fee is usually paid either at the Closing out of proceeds of the Bonds or pursuant to a statement rendered shortly thereafter. We customarily

**Ms. Meredith DeBruin

do not submit any statement until the Closing unless there is a substantial delay in completing the financing.

Limited Liability Partnership

Our firm is a limited liability partnership ("LLP"). Because we are an LLP, no partner of the firm has personal liability for any debts or liabilities of the firm except as otherwise required by law, and except that each partner can be personally liable for his or her own malpractice and for the malpractice of persons acting under his or her actual supervision and control. As an LLP we are required by our code of professional conduct to carry at least \$10,000,000 of malpractice insurance; currently, we carry coverage with limits substantially in excess of that amount. Please call me if you have any questions about our status as a limited liability partnership.

Conclusion and Request for Signed Copy

If the foregoing terms of this engagement are acceptable to you, please so indicate by returning a copy of this letter dated and signed by an appropriate officer, retaining the original for your files. If we do not hear from you within thirty (30) days, we will assume that these terms are acceptable to you, but we would prefer to receive a signed copy of this letter from you.

The Bonds shall not be subject to redemption prior to maturity except as provided in the Financial Assistance Agreement.

The schedule of maturities of the Bonds is found to be such that the amount of annual debt service payments is reasonable in accordance with prudent municipal utility practices.

Section 4. Form, Execution, Registration and Payment of the Bonds. The Bonds shall be issued as registered obligations in substantially the

The Bonds shall be executed in the name of the Municipality by the manual signatures of the Mayor and City Clerk, and shall be sealed with its official or corporate seal, if any.

Section 5. Security for the Bonds. The Bonds, together with interest thereon, shall not constitute an indebtedness of the Municipality nor a charge against its general credit or taxing power. The Bonds, together with interest thereon, shall be payable only out of the Debt Service Fund hereinafter created and established, and shall be a valid claim of the registered owner or owners thereof only against such Debt Service Fund and the revenues of the System pledged to such fund, on a parity with the pledge granted to the holders of the Prior Bonds. Sufficient revenues are hereby pledged to said Debt Service Fund, and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Prior Bonds, the Bonds and any Parity Bonds as the same becomes due.

Section 6. Funds and Accounts. In accordance with the Act, for the purpose of the application and proper allocation of the revenues of the System, and to secure the payment of the principal of and interest on the Prior Bonds, the Bonds and Parity Bonds, certain funds of the System which were created and established by a resolution adopted on October 18, 1993, as amended, are hereby continued and shall be used solely for the following respective purposes:

- (a) Revenue Fund, into which shall be deposited as received the Gross Earnings of the System, which money shall then be divided among the Operation and Maintenance Fund, the Debt Service Fund,

the Depreciation Fund and the Surplus Fund in the amounts and in the manner set forth in Section 7 hereof and used for the purposes described below.

- (b) Operation and Maintenance Fund, which shall be used for the payment of Current Expenses.
- (c) Sewerage System Special Redemption Fund (the "Debt Service Fund"), which shall be used for the payment of the principal of, premium, if any, and interest on the Prior Bonds, the Bonds and Parity Bonds as the same becomes due, and which may contain a Reserve Account established by a future resolution authorizing the issuance of Parity Bonds to secure such Parity Bonds.
- (d) Depreciation Fund, which shall be used to provide a proper and adequate depreciation account for the System.
- (e) Surplus Fund, which shall first be used whenever necessary to pay principal of, premium, if any, or interest on the Prior Bonds, the Bonds and Parity Bonds when the Debt Service Fund shall be insufficient for such purpose, and thereafter shall be disbursed as follows: (i) at any time, to remedy any deficiency in any of the Funds provided in this Section 6 hereof; and (ii) money thereafter remaining in the Surplus Fund at the end of any Fiscal Year may be transferred to any of the funds or accounts created herein or to reimburse the general fund of the Municipality for advances made by the Municipality to the System.

Section 7. Application of Revenues. After the delivery of the Bonds, the Gross Earnings of the System shall be deposited as collected in the Revenue Fund and shall be transferred monthly to the funds listed below in the following order of priority and in the manner set forth below:

- (a) to the Operation and Maintenance Fund, in an amount equal to the estimated Current Expenses for such month and for the following month (after giving effect to available amounts in said Fund from prior deposits);
- (b) to the Debt Service Fund, an amount equal to one-sixth (1/6) of the next installment of interest coming due on the Prior Bonds, the Bonds and any Parity Bonds then outstanding and an amount equal to one-twelfth (1/12) of the installment of principal of the Prior Bonds, the Bonds and any Parity Bonds coming due during such Bond Year (after giving effect to available amounts in said Fund from accrued interest, any premium or any other source), and any amount required by a future resolution

authorizing the issuance of Parity Bonds to fund a Reserve Account established therein;

- (c) to the Depreciation Fund, an amount determined by the Governing Body to be sufficient to provide a proper and adequate depreciation account for the System; and
- (d) to the Surplus Fund, any amount remaining in the Revenue Fund after the monthly transfers required above have been completed.

Transfers from the Revenue Fund to the Operation and Maintenance Fund, the Debt Service Fund, the Depreciation Fund and the Surplus Fund shall be made monthly not later than the tenth day of each month, and such transfer shall be applicable to monies on deposit in the Revenue Fund as of the last day of the month preceding. Any other transfers and deposits to any fund required or permitted by subsection (a) through (d) of this Section, except transfers or deposits which are required to be made immediately or annually, shall be made on or before the tenth day of the month. Any transfer or deposit required to be made at the end of any Fiscal Year shall be made within sixty (60) days after the close of such Fiscal Year. If the tenth day of any month shall fall on a day other than a business day, such transfer or deposit shall be made on the next succeeding business day.

It is the express intent and determination of the Governing Body that the amounts transferred from the Revenue Fund and deposited in the Debt Service Fund shall be sufficient in any event to pay the interest on the Prior Bonds, the Bonds and any Parity Bonds as the same accrues and the principal thereof as the same matures, and to fund the Reserve Account as required in connection with future Parity Bonds.

Section 8. Deposits and Investments. The Debt Service Fund shall be kept apart from monies in the other funds and accounts of the Municipality and the same shall be used for no purpose other than the prompt payment of principal of and interest on the Prior Bonds, the Bonds and any Parity Bonds as the same becomes due and payable. All monies therein shall be deposited in special and segregated accounts in a public depository selected under Chapter 34, Wisconsin Statutes and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes. The other funds herein created (except the Sewerage System CWFPP Project Fund) may be combined in a single account in a public depository selected in the manner set forth above and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes.

Section 9. Service to the Municipality. The reasonable cost and value of services rendered to the Municipality by the System by furnishing sewerage services for public purposes shall be charged against the

Municipality and shall be paid in monthly installments as the service accrues, out of the current revenues of the Municipality collected or in the process of collection, exclusive of the revenues derived from the System; that is to say, out of the tax levy of the Municipality made by it to raise money to meet its necessary current expenses. The reasonable cost and value of such service to the Municipality in each year shall be equal to an amount which, together with other revenues of the System, will produce in each Fiscal Year Net Revenues equivalent to not less than the annual principal and interest requirements on the Prior Bonds, the Bonds, any Parity Bonds and any other obligations payable from the revenues of the System then outstanding, times the greater of (i) 110% or (ii) the highest debt service coverage ratio required with respect to any obligations payable from revenues of the System then outstanding. However, such payment out of the tax levy shall be subject to (a) approval of the Public Service Commission, or successors to its function, if applicable, (b) yearly appropriations therefor, and (c) applicable levy limitations, if any; and neither this Resolution nor such payment shall be construed as constituting an obligation of the Municipality to make any such appropriation over and above the reasonable cost and value of the services rendered to the Municipality and its inhabitants or to make any subsequent payment over and above such reasonable cost and value.

Section 10. Operation of System; Municipality Covenants. It is covenanted and agreed by the Municipality with the owner or owners of the Bonds, and each of them, that the Municipality will perform all of the obligations of the Municipality as set forth in the Financial Assistance Agreement.

Section 11. Additional Bonds. The Bonds are issued on a parity with the Prior Bonds as to the pledge of revenues of the System. No bonds or obligations payable out of the revenues of the System may be issued in such manner as to enjoy priority over the Bonds. Additional obligations may be issued if the lien and pledge is junior and subordinate to that of the Bonds. Parity Bonds may be issued only under the following circumstances:

(a) Additional Parity Bonds may be issued for the purpose of completing the Project and for the purpose of financing costs of the Project which are ineligible for payment under the State of Wisconsin Clean Water Fund Program. However, such additional Parity Bonds shall be in an aggregate amount not to exceed 20% of the face amount of the Bonds; or

(b) Additional Parity Bonds may also be issued if all of the following conditions are met:

(1) The Net Revenues of the System for the Fiscal Year immediately preceding the issuance of such additional bonds must

have been in an amount at least equal to the maximum annual interest and principal requirements on all bonds outstanding payable from the revenues of the System, and on the bonds then to be issued, times the greater of (i) 1.10 or (ii) the highest debt service coverage ratio to be required with respect to the Additional Parity Bonds to be issued or any other obligations payable from the revenues of the System then outstanding. Should an increase in permanent rates and charges, including those made to the Municipality, be properly ordered and made effective during the Fiscal Year immediately prior to the issuance of such additional bonds or during that part of the Fiscal Year of issuance prior to such issuance, then Net Revenues for purposes of such computation shall include such additional revenues as an independent certified public accountant, consulting professional engineer or the Wisconsin Public Service Commission may certify would have accrued during the prior Fiscal Year had the new rates been in effect during that entire immediately prior Fiscal Year.

(2) The payments required to be made into the funds enumerated in Section 6 of this Resolution must have been made in full.

(3) The additional bonds must have principal maturing on May 1 of each year and interest falling due on May 1 and November 1 of each year.

(4) The proceeds of the additional bonds must be used only for the purpose of providing extensions or improvements to the System, or to refund obligations issued for such purpose.

Section 12. Sale of Bonds. The sale of the Bonds to the State of Wisconsin Clean Water Fund Program for the purchase price of up to \$2,323,791 and at par, is ratified and confirmed; and the officers of the Municipality are authorized and directed to do any and all acts, including executing the Financial Assistance Agreement and the Bonds as hereinabove provided, necessary to conclude delivery of the Bonds to said purchaser, as soon after adoption of this Resolution as is convenient. The purchase price for the Bonds shall be paid upon requisition therefor as provided in the Financial Assistance Agreement, and the officers of the Municipality are authorized to prepare and submit to the State requisitions and disbursement requests in anticipation of the execution of the Financial Assistance Agreement and the issuance of the Bonds.

Section 13. Application of Bond Proceeds. The proceeds of the sale of the Bonds shall be deposited by the Municipality into a special fund designated as "Sewerage System CWFP Project Fund." The Sewerage System CWFP Project Fund shall be used solely for the purpose of paying the costs

of the Project as more fully described in the preamble hereof and in the Financial Assistance Agreement. Moneys in the Sewerage System CWFPP Project Fund shall be disbursed within three (3) business days of their receipt from the State of Wisconsin and shall not be invested in any interest-bearing account.

Section 14. Amendment to Resolution. After the issuance of any of the Bonds, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Bonds have been paid in full as to both principal and interest, or discharged as herein provided, except: (a) the Municipality may, from to time, amend this Resolution without the consent of any of the owners of the Bonds, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and (b) this Resolution may be amended, in any respect, with a written consent of the owners of not less than two-thirds (2/3) of the principal amount of the Bonds then outstanding, exclusive of Bonds held by the Municipality; provided, however, that no amendment shall permit any change in the pledge of revenues derived from the System or the maturity of any Bond issued hereunder, or a reduction in the rate of interest on any Bond, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Bonds may be redeemed or make any other modification in the terms of the payment of such principal or interest without the written consent of the owner of each such Bond to which the change is applicable.

Section 15. Defeasance. When all Bonds have been discharged, all pledges, covenants and other rights granted to the owners thereof by this Resolution shall cease. The Municipality may discharge all Bonds due on any date by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, or of a commission, board or other instrumentality of the U.S. Government, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the interest to accrue on each of said Bonds to its maturity or, at the Municipality's option, if said Bond is prepayable to any prior date upon which it may be called for redemption, and to pay and redeem the principal amount of each such Bond at maturity, or at the Municipality's option, if said Bond is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, provided that notice of the redemption of all prepayable Bonds on such date has been duly given or provided for.

Section 16. Rebate Fund. Unless the Bonds are exempt from the rebate requirements of the Internal Revenue Code of 1986, as amended (the "Code"), the Municipality shall establish and maintain, so long as the Bonds and any Parity Bonds are outstanding, a separate account to be known as the "Rebate Fund." The sole purpose of the Rebate Fund is to provide

for the payment of any rebate liability with respect to the Bonds under the relevant provisions of the Code and the Treasury Regulations promulgated thereunder (the "Regulations"). The Rebate Fund shall be maintained by the Municipality until all required rebate payments with respect to the Bonds have been made in accordance with the relevant provisions of the Code and the Regulations.

The Municipality hereby covenants and agrees that it shall pay to the United States from the Rebate Fund, at the times and in the amounts and manner required by the Code and the Regulations, the portion of the "rebate amount" (as defined in Section 1.148-3(b) of the Regulations) that is due as of each "computation date" (within the meaning of Section 1.148-3(e) of the Regulations). As of the date of this Resolution, the provisions of the Regulations specifying the required amounts of rebate installment payments and the time and manner of such payments are contained in Sections 1.148-3(f) and (g) of the Regulations, respectively. Amounts held in the Rebate Fund and the investment income therefrom are not pledged as security for the Bonds or any Parity Bonds and may only be used for the payment of any rebate liability with respect to the Bonds.

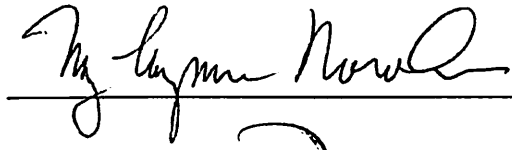

The Municipality may engage the services of accountants, attorneys or other consultants necessary to assist it in determining the rebate payments, if any, owed to the United States with respect to the Bonds. The Municipality shall maintain or cause to be maintained records of determinations of rebate liability with respect to the Bonds for each computation date until six (6) years after the retirement of the last of the Bonds. The Municipality shall make such records available to the State of Wisconsin upon reasonable request therefor.

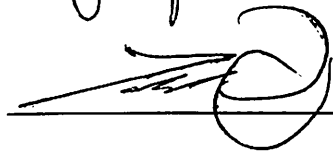

Section 17. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the Municipality and the owner or owners of the Bonds, and after issuance of any of the Bonds no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 14, until all of the Bonds have been paid in full as to both principal and interest. The owner or owners of any of the Bonds shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the Municipality, the Governing Body thereof, and any and all officers and agents thereof including, but without limitation, the right to require the Municipality, its Governing Body and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 18. Continuing Disclosure. The officers of the Municipality are hereby authorized and directed, if requested by the State of Wisconsin, to provide to the State of Wisconsin Clean Water Fund Program and to such other persons or entities as directed by the State of

Wisconsin such ongoing disclosure regarding the Municipality's financial condition and other matters, at such times and in such manner as the Clean Water Fund Program may require, in order that securities issued by the Municipality and the State of Wisconsin satisfy rules and regulations promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended and as it may be amended from time to time, imposed on brokers and dealers of municipal securities before the brokers and dealers may buy, sell, or recommend the purchase of such securities.

Section 19. Conflicting Resolutions. All ordinances, resolutions (other than the Prior Resolutions), or orders, or parts thereof heretofore enacted, adopted or entered, in conflict with the provisions of this Resolution, are hereby repealed and this Resolution shall be in effect from and after its passage. ARTICLE II
REPRESENTATIONS

Section 2.01. Representations of the CWFP The CWFP represents and warrants as follows:

- (d) Pursuant to the Statute, the CWFP is authorized to execute and deliver the FAA and to take actions and make determinations that are required of the CWFP under the terms and conditions of the FAA.
- (e) The execution and delivery by the CWFP of this FAA and the consummation of the transactions contemplated by this FAA shall not violate any indenture, mortgage, deed of trust, note, agreement, or other contract or instrument to which the State is a party, or by which it is bound, or, to the best of the CWFP's knowledge, any judgment, decree, order, statute, rule, or regulation applicable to the CWFP; all consents, approvals, authorizations, and orders of governmental or regulatory authorities that are required for the consummation of the transactions contemplated thereby have been obtained.
- (f) To the knowledge of the CWFP, there is no action, suit, proceeding, or investigation at law or in equity, before or by any court, public board, or body, threatened against, pending, or affecting the CWFP, or, to the knowledge of the CWFP, any basis therefor, wherein an unfavorable decision, ruling, or finding would adversely affect the transactions contemplated hereby or which, in any way, could adversely affect the validity of this FAA or any agreement or instrument to which the State is a party and which is used or contemplated for use in consummation of the transactions contemplated by each of the foregoing.

Section 2.02. Representations of the Municipality The Municipality represents, covenants, and warrants as follows:

- (a) The Municipality possesses the legal municipal form of a city under ch. 62, Wis. Stats. The Municipality is located within the State and is a "municipality" within the meaning of the Statute, duly organized and existing under the laws of the State, and has full legal right, power, and authority to:
 - (1) conduct its business and own its properties,
 - (2) enter into this FAA,

 - (4) issue and deliver the Municipal Obligations to the CWFP as provided herein, and
 - (5) carry out and consummate all transactions contemplated by each of the aforesaid documents.
- (b) The Municipality's Project is a project that is necessary to prevent the applicant from significantly exceeding an effluent limitation contained in its WPDES Permit (compliance maintenance).

(c) With respect to the issuance of the Municipal Obligations, the Municipality has complied with the Municipal Obligation Resolution and with all applicable laws of the State.

(d) The governing body of the Municipality has duly approved the execution and delivery of this FAA and the issuance and delivery of the Municipal Obligations in the aggregate principal amount of \$2,323,791 and authorized the taking of any and all action as may be required on the part of the Municipality and its authorized officers to carry out, give effect to, and consummate the transactions contemplated by each of the foregoing.

(e) This FAA and the Municipal Obligations have each been duly authorized, executed, and delivered, and constitute legal, valid, and binding obligations of the Municipality, enforceable in accordance with their respective terms.

(f) To the knowledge of the Municipality, there is no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, public board, or body, threatened against, pending, or affecting the Municipality, or, to the knowledge of the Municipality, any basis therefor:

(1) affecting the creation, organization, or existence of the Municipality or the title of its officers to their respective offices;

(2) seeking to prohibit, restrain, or enjoin the execution of this FAA or the issuance or delivery of the Municipal Obligations;

(3) in any way contesting or affecting the validity or enforceability of the Municipal Obligation Resolution, the Municipal Obligations, this FAA, or any agreement or instrument relating to any of the foregoing or used or contemplated for use in the consummation of the transactions contemplated by this FAA; or

(4) wherein an unfavorable decision, ruling, or finding could adversely affect the transactions contemplated hereby or by the Municipal Obligation Resolution or the Municipal Obligations.

(g) The Municipality is not in any material respect in breach of or in default under any applicable law or administrative regulation of the State or the United States, any applicable judgment or decree, or any agreement or other instrument to which the Municipality is a party, or by which it or any of its properties is bound, and no event has occurred that, with the passage of time, the giving of notice, or both, could constitute such a breach or default. The execution and delivery of this FAA, the issuance and delivery of the Municipal Obligations, the adoption of the Municipal Obligation Resolution, and compliance with the respective provisions thereof shall not conflict with, or constitute a breach of or default under, any applicable law or administrative regulation of the State or of the United States, any applicable judgment or decree, or any agreement or other instrument to which the Municipality is a party, or by which it or any of its property is bound.

(h) The Municipal Obligations constitute validly-issued, legally-binding special obligations of the Municipality secured as set forth therein.

(i) The resolutions of the Municipality accepting the Financial Assistance and the Municipal Obligation Resolution have been duly adopted by the Municipality and remain in full force and effect as of the date hereof.

(j) The Municipality has full legal right and authority, and all necessary permits, licenses, and approvals (other than such permits, licenses, easements, or approvals that are not by their nature obtainable prior to Substantial Completion of the Project) required as of the date hereof to own the

Project, carry on its activities relating thereto, undertake and complete the Project, and carry out and consummate all transactions contemplated by this FAA.

(k) The Municipality represents that it has not made any commitment or taken any action that shall result in a valid claim for any finders' or similar fees or commitments in respect to the issuance and sale of the Municipal Obligations and the making of the Loan under this FAA.

(l) The Project is eligible under s. 281.58(7), Wis. Stats., for financing from the CWFP and the Project Costs are equal to or in excess of the principal amount of the Municipal Obligations. The Project has satisfied the requirements of the State Environmental Review Procedures (SERP) contained in the Regulations. Portions of the Project that are ineligible for financing from the CWFP are listed within the Project Manager Summary Page attached hereto as Exhibit F. The Municipality intends the Project to be eligible under the Statute throughout the term of this FAA.

(m) All amounts shown in Exhibit A of this FAA are costs of a Project eligible for financial assistance from the CWFP under the Statute. All proceeds of any borrowing of the Municipality that have been spent and are being refinanced with the proceeds of the Financial Assistance made hereunder have been spent on eligible Project Costs. All Project Costs are reasonable, necessary, and allocable by the Municipality to the Project under generally accepted accounting principles. None of the proceeds of the Financial Assistance shall be used directly or indirectly by the Municipality as working capital or to finance inventory, as opposed to capital improvements.

(n) The Project is in compliance with all applicable federal, state, and local laws and ordinances (including rules and regulations) relating to zoning, building, safety, and environmental quality. The Municipality has complied with and completed all requirements of DNR necessary to commence construction of the Project prior to the date hereof. The Municipality intends to proceed with due diligence to complete the Project pursuant to Section 4.04 hereof.

(o) The Municipality does not intend to lease the Project or enter into a long-term contract for operation of the Project except as set forth in Exhibit D.

(p) The Municipality shall not take or omit to take any action which action or omission shall in any way cause the proceeds of the Bonds to be applied in a manner contrary to that provided in the General Resolution.

(q) The Municipality has not taken and shall not take any action, and presently knows of no action that any other person, firm, or corporation has taken or intends to take, that would cause interest on the Municipal Obligations to be includable in the gross income of the owners of the Municipal Obligations for federal income tax purposes. The representations, certifications, and statements of reasonable expectation made by the Municipality as referenced in the Municipal Obligation Counsel Opinion and No Arbitrage Certificate are hereby incorporated by this reference as though fully set forth herein.

(r) Other than (1) "preliminary expenditures" as defined in Treas. Regs. 26 CFR 1.150-2 in an amount not exceeding 20% of the principal amount of the Municipal Obligations, or (2) a "de minimis" amount as defined in Treas. Regs. 26 CFR 1.150-2 in an amount not exceeding the lesser of \$100,000 or 5% of the principal amount of the Municipal Obligations, all of the proceeds of the Bonds loaned to the Municipality (other than refunding proceeds, if any) shall be used for Project Costs paid by the Municipality subsequent to a date which is 60 days prior to the date on which the Municipality adopted a reimbursement resolution pursuant to Treas. Regs. 26 CFR 1.150-2 stating its intent to reimburse other funds of the Municipality used to finance the Project, or subsequent to the issuance date of the Municipal Obligations.

(s) The Municipality represents that it has satisfied all the applicable requirements in s. 281.58, Wis. Stats., and ch. NR 162, Wis. Adm. Code.

(t) The Municipality has adopted a rate, charge, or assessment schedule that will generate annually sufficient revenue to pay the principal of and interest on the Municipal Obligations.

(u) The Municipality is in substantial compliance with all conditions, requirements, and terms of financial assistance previously awarded through the federal construction grants program, the Wisconsin Fund construction grants program, and the CWFP.

(v) The Municipality has met all terms and conditions contained within and received DNR approval for the Municipality's Plans and Specifications for the Project described in the definitions hereof.

(w) The Municipality represents that it submitted to DNR a bid tabulation for the Project with a recommendation to DNR for review and concurrence. The actual Substantial Completion date of the Project was May 17, 2019.

(x) The Municipality acknowledges that s. 281.59(11)(b), Wis. Stats., and the General Resolution provide that, if the Municipality fails to repay the Loan when due, the State shall recover amounts due the CWFP by deducting those amounts from any State payments due the Municipality.

This means that the following State payments would have been subject to this deduction:

	Transportation	State-Shared	Total
2017	\$1,545,327.86	\$11,111,393.75	\$12,656,721.61
2018	\$1,745,669.54	\$11,070,318.82	\$12,815,988.36

The amount of State payments anticipated for this year, among others, and as changed or modified from time to time, that are subject to this deduction are:

2019	\$1,830,104.68	\$11,062,747.51	\$12,892,852.19
------	----------------	-----------------	-----------------

These are not the entire amounts of State aid distributed to the Municipality. Other State aid is subject to intercept on failure of the Municipality to make full Loan payments due the CWFP.

The Municipality acknowledges that s. 70.60, Wis. Stats., and the General Resolution provide that, if the Municipality fails to repay the Loan when due, the State shall recover amounts due the CWFP by adding a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located.

(y) The Municipality acknowledges that the State reserves the right upon default by the Municipality hereunder to have a receiver appointed to collect User Fees from the operation of the Municipality's Sewerage System or, in the case of a joint utility system, to bill the users of the Municipality's Sewerage System directly.

(z) The representations of the Municipality in the Application are true and correct as of the date of this FAA and are incorporated herein by reference as if fully set forth in this place.

(aa) There has been no material adverse change in the financial condition or operation of the Municipality or the Project since the submission date of the Application.

(bb) The Municipality acknowledges that it is eligible to receive Financial Assistance in the form of a Loan of \$3,073,791 with Principal Forgiveness of \$750,000 for payment of Project Costs.

ARTICLE III
LOAN PROVISIONS

Section 3.01. Loan Clauses

(a) Subject to the conditions and in accordance with the terms of this FAA, the CWFP hereby agrees to make the Loan and the Municipality agrees to accept the Loan. As evidence of the portion of the Loan made to the Municipality remaining subsequent to the Principal Forgiveness, the Municipality hereby agrees to sell to the CWFP Municipal Obligations in the aggregate principal amount of \$2,323,791. The CWFP shall pay for the Municipal Obligations in lawful money of the United States, which shall be disbursed as provided in this FAA.

(b) Prior to disbursement, Loan proceeds shall be held by the CWFP or by the Trustee for the account of the CWFP. Earnings on undisbursed Loan proceeds shall be for the account of the CWFP. Loan proceeds shall be disbursed only upon submission by the Municipality of disbursement requests and approval thereof as set forth in Section 3.06 hereof.

(c) The Loan shall bear interest at the rate of one and 650/1000ths percent (1.65%) per annum, and interest shall accrue and be payable only on Loan principal amounts actually disbursed on the Municipal Obligations, from the date of disbursement until the date such amounts are repaid or forgiven.

(d) Disbursements of Financial Assistance shall generally be made: first, in the form of a Loan disbursement on the Municipal Obligations, which must be at least 5% of the Municipal Obligation amount or \$50,000, whichever is less; second, in the form of Loan disbursements that include the applicable percentage of Principal Forgiveness up to \$750,000; and third, if the Principal Forgiveness cap has been reached, in the form of Loan disbursements on the Municipal Obligations. Principal Forgiveness will be applied at the time of Loan disbursement.

(e) The Municipal Obligations shall include the Loan Disbursement Table (Exhibit C). The actual dates of disbursements shall be reflected as part of the Municipal Obligations. DOA shall make entries as each disbursement is made and as each principal amount is repaid; the CWFP and the Municipality agree that such entries shall be mutually binding.

(f) Upon Final Completion of the Project, DOA may request that the Municipality issue substitute Municipal Obligations in the aggregate principal amount equal to the outstanding principal balance of the Municipal Obligations.

(g) The Municipality shall deliver, or cause to be delivered, a Municipal Obligation Counsel Opinion to the CWFP concurrently with the delivery of the Municipal Obligations.

Section 3.02. Municipal Obligations Amortization Principal and interest payments on the Municipal Obligations shall be due on the dates set forth in Exhibit B of this FAA. The payment amounts shown on Exhibit B are for informational purposes only and assume the full amount of the Municipal Obligations is disbursed and that the full amount of Principal Forgiveness available is applied to the Loan on November 13, 2019. It is understood that the actual amount of the Municipality's Municipal Obligations payments shall be based on the actual date and amount of disbursements on the Municipal Obligations. Notwithstanding the foregoing or anything in the Municipal Obligations, the Municipal Obligations shall be for no longer than twenty (20) years from the date of this FAA and shall mature and be fully amortized not later than twenty (20) years after the original issue date of the Municipal Obligations. Repayment of principal on the Municipal Obligations shall begin not later than twelve (12) months after the expected or actual Substantial Completion date of the Project.

Section 3.03. Type of Municipal Obligation and Security The Municipality's obligation to meet annual debt service requirements on the Municipal Obligations shall be a revenue obligation evidenced by issuance of revenue bonds pursuant to s. 66.0621, Wis. Stats. The security for the Municipality's obligation shall be a pledge of revenues to be derived from the Municipality's Sewerage System, and the Municipality shall agree that, if revenues from the Sewerage System are insufficient to meet annual debt service requirements, the Municipality shall purchase sewerage services in amounts sufficient to meet annual debt service requirements as provided in and set forth in Section 9 of the Municipal Obligation Resolution. The annual revenues net of all current expenses shall be equal to not less than the annual principal and interest requirements on the Municipal Obligations, any Parity Obligations, and any other debt obligations payable from the revenues of the Sewerage System then outstanding, times the greater of (i) 110 percent or (ii) the highest debt service coverage ratio required with respect to any Parity Obligations or any other debt obligations payable from the revenues of the Sewerage System then outstanding. As of the date of this FAA, the required debt service coverage ratio is 110 percent; however, this percentage is subject to change as outlined in the prior sentence. The Municipal Obligations are also secured as provided in Section 3.08 hereof.

Section 3.04. Other Amounts Payable The Municipality hereby expressly agrees to pay to the CWFP:

(a) such Servicing Fee as the CWFP may impose pursuant to s. 281.58(9)(d), Wis. Stats., which shall be payable in semiannual installments on each interest payment date; such a Servicing Fee shall be imposed upon the Municipality after approval of a future Biennial Finance Plan by the State of Wisconsin Building Commission which contains a Servicing Fee requirement, schedule, and amount; and

(b) the Municipality's allocable share of the Fees and Charges as such costs are incurred. Allocable share shall mean the proportionate share of the Fees and Charges based on the outstanding principal of the Loan.

Amounts paid by the Municipality pursuant to this Section 3.04 shall be deposited in the Expense Fund established pursuant to the General Resolution.

Section 3.05. Sale and Redemption of Municipal Obligations

(a) Municipal Obligations may not be prepaid without the prior written consent of the CWFP. The CWFP has sole discretion to withhold such consent.

(b) The Municipality shall pay all costs and expenses of the CWFP in effecting the redemption of the Bonds to be redeemed with the proceeds of the prepayment of the Municipal Obligations. Such costs and expenses may include any prepayment premium applicable to the CWFP and any investment losses incurred or sustained by the CWFP resulting directly or indirectly from any such prepayment.

(c) Subject to subsection (a), the Municipality may prepay the Municipal Obligations with any settlements received from any third party relating to the design or construction of the Project.

(d) Prepayments of the Municipal Obligations shall be applied pro rata to all maturities of the Municipal Obligations.

Section 3.06. Disbursement of Financial Assistance

(a) Under this FAA, Financial Assistance shall be drawn in the order specified in Section 3.01(d) of this document.

(b) Each disbursement request shall be delivered to DNR. Each request must contain invoices or other evidence acceptable to DNR and DOA that Project Costs for which disbursement is requested have been incurred by the Municipality.

(c) The CWFP, through its agents or Trustee, plans to make disbursements of Financial Assistance on a semimonthly basis upon approval of each disbursement request by DNR and DOA. Such approval by DNR and DOA may require adjustment and corrections to the disbursement request submitted by the Municipality. The Municipality shall be notified whenever such an adjustment or correction is made by DNR or DOA.

(d) Disbursements made to the Municipality are subject to pre- and post-payment adjustments by DNR or DOA.

(1) If the Financial Assistance is not yet fully disbursed, and CWFP funds were previously disbursed for costs not eligible for CWFP funding or not eligible under this FAA, the CWFP shall make necessary adjustments to future disbursements.

(2) If the Financial Assistance is fully disbursed, including disbursements for any costs not eligible for CWFP funding or not eligible under this FAA, the Municipality agrees to repay to the CWFP an amount equal to the non-eligible costs within 60 days of notification by DNR or DOA. The CWFP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding Loan principal balance available to which the recovery may be applied).

(e) The CWFP or its agent shall disburse Financial Assistance only to the Municipality's account by electronic transfer of funds. The Municipality hereby covenants that it shall take actions and provide information necessary to facilitate these transfers.

(f) Disbursement beyond ninety-five percent (95%) of the Financial Assistance, unless otherwise agreed to by DNR and DOA pursuant to a written request from the Municipality, may be withheld until:

(1) DNR is satisfied that the Project has been completed in accordance with the Plans and Specifications, DNR has approved all change orders relating to the Project, and DNR has determined that the Project is in compliance with the Municipality's WPDES Permit;

(2) the Municipality certifies to DNR its acceptance of the Project from its contractors;

(3) the Municipality certifies in writing to DNR its compliance with applicable federal requirements (certification must be as prescribed on Exhibit G); and

(4) DNR certifies in writing to DOA the Municipality's compliance with all applicable requirements of this FAA.

(g) IRS Regulation 1.148-6(d)(1)(iii) applies to project expenditures. It states, in part, "An issuer must account for the allocation of proceeds to expenditures not later than 18 months after the later of the date the expenditure is paid or the date the project, if any, that is financed by the issue is placed in service".

Section 3.07. Remedies

(a) If the Municipality:

(1) or any authorized representative is not complying with federal or state laws, regulations, or requirements relating to the Project, and following due notice by DNR the Project is not brought into compliance within a reasonable period of time; or

(2) is not complying with or is in violation of any provision set forth in this FAA; or

(3) is not in compliance with the Statute or the Regulations;

then DNR may, until the Project is brought into compliance or the FAA non-compliance is cured to the satisfaction of DNR or DOA, impose one (1) or more of the following sanctions:

(i) Progress payments or disbursements otherwise due the Municipality of up to 20% may be withheld.

(ii) Project work may be suspended.

(iii) DNR may request a court of appropriate jurisdiction to enter an injunction or afford other equitable or judicial relief as the court finds appropriate.

(iv) Other administrative remedies may be pursued.

(b) If the Municipality fails to make any payment when due on the Municipal Obligations or fails to observe or perform any other covenant, condition, or agreement on its part under this FAA for a period of thirty (30) days after written notice is given to the Municipality by DNR, specifying the default and requesting that it be remedied, the CWFP is provided remedies by law and this FAA. These remedies include, but are not limited to, the following rights:

(1) Pursuant to s. 281.59(11)(b), Wis. Stats., DOA shall place on file a certified statement of all amounts due the CWFP under this FAA. DOA may collect all amounts due the CWFP by deducting those amounts from any State payments due the Municipality, or add a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located under s. 70.60, Wis. Stats.

(2) Pursuant to s. NR 162.18(1), Wis. Adm. Code, DNR may: declare the unpaid Loan balance due and immediately payable; increase the interest rate on the unpaid balance of the Loan to the market interest rate in effect on the date the FAA was executed; or immediately terminate the FAA and disburse no additional funds, if the Loan has not been fully disbursed.

(3) The CWFP may, without giving bond to the Municipality or anyone claiming under it, have a receiver appointed for the CWFP's benefit of the Project and the Municipality's Sewerage System and of the earnings, income, rents, issues, and profits thereof, with such powers as the court making such appointment shall confer. The Municipality hereby irrevocably consents to such appointment.

(4) In the case of a joint utility system, the CWFP may bill the users of the Municipality's system directly.

(5) The CWFP may enforce any right or obligation under this FAA, including the right to seek specific performance or mandamus, whether such action is at law or in equity.

Section 3.08. Security for the Municipal Obligations In accordance with the terms of the Municipal Obligation Resolution:

(a) as security for the Municipal Obligations, the Municipality hereby pledges the revenue to be derived from the Municipality's Sewerage System (which is a dedicated source of revenue); and

(b) other than as already pledged to the outstanding Parity Obligations, the Municipality shall not pledge the revenues, except as provided in Section 11 of the Municipal Obligation Resolution, to be derived from the Municipality's User Charge System or other revenues pledged under Section 3.08(a) above, to any person other than the CWFP, unless the revenues pledged to such other person meet the highest debt coverage ratio then applicable to the Municipality.

Section 3.09. Effective Date and Term This FAA shall become effective upon its execution and delivery by the parties hereto, shall remain in full force and effect from such date, and shall expire on such date as the Municipal Obligations shall be discharged and satisfied in accordance with the provisions thereof.

ARTICLE IV
CONSTRUCTION OF THE PROJECT

Section 4.01. Insurance The Municipality agrees to maintain property and liability insurance for the Sewerage System and Project that is reasonable in amount and coverage and that is consistent with prudent municipal insurance practices for the term of this FAA. The Municipality agrees to provide written evidence of insurance coverage to the CWFP upon request at any time during the term of this FAA.

In the event that the Sewerage System or Project is damaged or destroyed, the Municipality agrees to use the proceeds from its insurance coverage either to repay the Financial Assistance or to repair or replace the Sewerage System.

Section 4.02. Construction of the Project The Municipality shall construct the Project, or cause it to be constructed, to Final Completion in accordance with the Application and the Plans and Specifications. The Municipality shall proceed with the acquisition and construction of the Project in conformity with law and with all applicable requirements of governmental authorities having jurisdiction with respect thereto, subject to such modifications of Plans and Specifications that alter the cost of the Project, use of space, scope, or functional layout, as may be previously approved by DNR.

Section 4.03. Performance Bonds The Municipality shall provide, or cause to be provided, performance bonds assuring the performance of the work to be performed under all construction contracts entered into with respect to the Project. All performance bonds required hereunder shall be issued by independent surety companies authorized to transact business in the State.

Section 4.04. Completion of the Project

(a) The Municipality agrees that it shall undertake and complete the Project for the purposes and in the manner set forth in this FAA and in accordance with all federal, state, and local laws, ordinances, and regulations applicable thereto. The Municipality shall, with all practical dispatch and in a sound and economical manner, complete or cause to be completed the acquisition and construction of the Project, and do all other acts necessary and possible to entitle it to receive User Fees with respect to the Project at the earliest practicable time. The Municipality shall obtain all necessary approvals from any and all governmental agencies prior to construction which are requisite to the Final Completion of the Project.

(b) The Municipality shall notify DNR of the Substantial Completion of the Project. The Municipality shall cause to be prepared as-built plans for the Project at or prior to completion thereof.

(c) The Municipality shall take and institute such proceedings as shall be necessary to cause and require all contractors and material suppliers to complete their contracts diligently and in accordance with the terms of the contracts including, without limitation, the correcting of defective work.

(d) Upon Final Completion of the Project in accordance with the Plans and Specifications, the Municipality shall:

(1) certify to DNR its acceptance of the Project from its contractors, subject to claims against contractors and third parties;

(2) complete and deliver to DNR the completed Contract Utilization of Disadvantaged Business Enterprises (DBE) form attached hereto as Exhibit E of this FAA;

(3) prepare and deliver to DNR the completed Federal Requirements Compliance Certification attached hereto as Exhibit G of this FAA;

(4) obtain all required permits and authorizations from appropriate authorities for operation and use of the Project; and

(5) submit to DNR an Operation and Maintenance Manual Certification Checklist.

Section 4.05. Payment of Additional Project Costs

(a) In the event of revised eligibility determinations, cost overruns, and amendments exceeding the Financial Assistance amount, the CWFP may allocate additional financial assistance to the Project. The allocation of additional financial assistance may be in the form of a loan at less than the market interest rate, which is established pursuant to the Statute and Regulations. The allocation of additional financial assistance shall depend upon availability of funds, pursuant to the Statute and the Regulations.

(b) In the event that this Financial Assistance is not sufficient to pay the costs of the Project in full, the Municipality shall nonetheless complete the Project and pay that portion of the Project Costs as may be in excess of available Financial Assistance and shall not be entitled to any reimbursement therefore from the CWFP, or the owners of any bonds, except from the proceeds of additional financing which may be provided by the CWFP pursuant to an amendment of this FAA or through a separate FAA.

Section 4.06. No Warranty Regarding Condition, Suitability, or Cost of Project Neither the CWFP, DOA, DNR, nor the Trustee makes any warranty, either express or implied, as to the Project or its condition, or that it shall be suitable for the Municipality's purposes or needs, or that the Financial Assistance shall be sufficient to pay the costs of the Project. Review or approval of engineering reports, facilities plans, Plans and Specifications, or other documents, or the inspection of Project construction by DNR, does not relieve the Municipality of its responsibility to properly plan, design, build, and effectively operate and maintain the Project as required by laws, regulations, permits, and good management practices. DNR or its representatives are not responsible for increased costs resulting from defects in the Plans and Specifications or other Project documents. Nothing in this section prohibits a Municipality from requiring more assurances, guarantees, or indemnity or other contractual requirements from any party performing Project work.

**ARTICLE V
COVENANTS**

Section 5.01. Application of Financial Assistance The Municipality shall apply the proceeds of the Financial Assistance solely to Project Costs.

Section 5.02. Operation and Maintenance; Equipment Replacement Fund

(a) After completion of the Project, the Municipality shall:

- (1) at all times operate the Project or otherwise cause the Project to be operated properly and in a sound and economical manner, including proper training of personnel;
- (2) maintain, preserve, and keep the Project or cause the Project to be maintained, preserved, and kept in good repair, working order, and condition; and
- (3) periodically make, or cause to be made, all necessary and proper repairs, replacements, and renewals so that at all times the operation of the Project may be properly conducted in a manner that is consistent with the requirements of the WPDES Permit. The Municipality shall not, without the approval of DNR, discontinue operation of, sell, or otherwise dispose of the Sewerage System, except for portions of the Sewerage System sold or otherwise disposed of in the course of ordinary repair and replacement of parts so long as this FAA is outstanding.

(b) The Municipality shall establish an equipment replacement fund according to s. NR 162.08, Wis. Adm. Code, and maintain the equipment replacement fund as a separate fund of the Municipality. All User Fees or other revenues specifically collected for the equipment replacement fund shall be deposited into the equipment replacement fund and used for replacement and major repair of equipment necessary for the operation of the Sewerage System, or for unexpected, unbudgeted costs incurred for continuing effective operations of the Sewerage System. Annual deposits shall be made to the equipment replacement fund in amounts sufficient to meet the equipment replacement itemized schedule developed by the Municipality or the percentage schedule option. The Project Manager Summary Page (Exhibit F) shall specify the required annual deposit or required minimum balance/percentage.

Section 5.03. Compliance with Law At all times during construction of the Project and operation of the Sewerage System, the Municipality shall comply with all applicable federal, state, and local laws, ordinances, rules, regulations, permits, and approvals, and with this FAA, including, without limitation, the Statute, the Regulations, and the WPDES Permit.

Section 5.04. Public Ownership The Municipality shall at all times retain ownership of the Project and the Sewerage System of which it is a part.

Section 5.05. Establishment of Project Accounts; Audits

(a) The Municipality shall maintain Project accounts in accordance with generally accepted accounting principles (GAAP), including standards relating to the reporting of infrastructure assets and directions issued by the CWFP. Without any request the Municipality shall furnish to DOA as soon as available, and in any event within one hundred eighty (180) days after the close of each fiscal year, a copy of the audit report for such year and accompanying GAAP-based financial statements for such period, as examined and reported by such independent certified public accountants of recognized standing selected by the Municipality and reasonably satisfactory to DOA, whose reports shall indicate that the accompanying financial statements have been prepared in conformity with GAAP and include standards relating to the reporting of infrastructure assets.

(b) The Municipality shall maintain a separate account that reflects the receipt and expenditure of all CWFP funds for the Project. All Financial Assistance shall be credited promptly upon receipt thereof and shall be reimbursement for or expended only for Project Costs. The Municipality shall: permit any authorized representative of DNR or DOA, or agents thereof, the right to review or audit all records relating to the Project or the Financial Assistance; produce, or cause to be produced, all records relating to any work performed under the terms of this FAA for examination at such times as may be designated by any of them or their authorized representatives; permit extracts and copies of the Project records to be made by them or their authorized representatives; and fulfill information requests by them or their authorized representatives.

Section 5.06. Section 5.09. Tax Covenants

The contractor further agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. REQUEST FOR FINANCE AND PERSONNEL COMMITTEE CONSIDERATION

ITEM DESCRIPTION: Communication No. 5-19-20 from Hardik Khatri regarding Personal Property Tax for the Super 8.

STATUTORY REFERENCE:

Wisconsin Statutes: N/A
Municipal Code: N/A

BACKGROUND / ANALYSIS:

Alderperson Savaglio received an e-mail from Hardik Khatri in regards to Personal Property Taxes for Super 8 as there are currently delinquent Personal Property Taxes including interest due on the property in the amount of \$ 3,777.10. Hardik Khatri is currently being denied a permit due to this outstanding debt.

STAFF COMMENTS:

The City of Sheboygan Municipal Code § 2-872(c) requires any outstanding debt owed to the City including personal property taxes, unless they are able to prove that they did not receive or are using any of the personal property, be paid before obtaining a permit. Per the communication it appears the title company, when the property transfer was completed paid the personal property tax the new owner was responsible for. However, the City never received the payment for the Personal Property Tax after closing and therefore the balance due along with simple interest since 2011 remains outstanding.

ACTION REQUESTED:

Mr. Savaglio,

Thank you for talking to me in regards to the Personal Property Tax matter for Super8. I have tried everything from my side to talk to the Title company and the realtor but came out empty handed.

As we discussed, I would like you to present my matter to the city and hopefully I will get some resolution from them. Below are the detail information in regards to my case. Please let me know if you need any further information.

Purchased property on March 31st, 2010.
Paid \$1087.44 for 276 days of 2010 personal property tax.
Always paid personal property tax on time since 2011 till today.
City never sent any type of bill or notice and said a word in regards to unpaid 2010 personal property taxes.
Now there is a lien on property for unpaid taxes with total over \$3,733.35 till 09/2019.

**I went back to the title company and they basically put their hands up and said it was the previous owner who was supposed to disburse the money we paid. Title company never cut any checks and therefore I need to go to the previous owner with this matter.
I contacted the seller's realtor and she informed me that the previous owner had died years ago and his company has been dissolved.**

Thank you for helping me in this matter and hopefully the city will understand my dilemma.

Thanks,

**Hardik Khatri

Section 3. Terms of the Bonds. The Bonds shall be designated "Sewerage System Revenue Bonds, Series 2019D" (the "Bonds"); shall be dated their date of issuance; shall be numbered one and upward; shall bear interest at the rate of 1.650% per annum; shall be issued in denominations of \$0.01 or any integral multiple thereof; and shall mature on the dates and in the amounts as set forth in Exhibit B of the Financial Assistance Agreement and in the Bond form attached hereto as Exhibit A as it is from time to time adjusted by the State of Wisconsin based upon the actual draws made by the Municipality. Interest on the Bonds shall be payable commencing on May 1, 2020 and semiannually thereafter on May 1 and November 1 of each year. The Bonds shall not be subject to redemption prior to maturity except as provided in the Financial Assistance Agreement.

The schedule of maturities of the Bonds is found to be such that the amount of annual debt service payments is reasonable in accordance with prudent municipal utility practices.

Section 4. Form, Execution, Registration and Payment of the Bonds. The Bonds shall be issued as registered obligations in substantially the

form attached hereto as Exhibit A and incorporated herein by this reference.

The Bonds shall be executed in the name of the Municipality by the manual signatures of the Mayor and City Clerk, and shall be sealed with its official or corporate seal, if any.

The principal of, premium, if any, and interest on the Bonds shall be paid by the Municipal Treasurer, who is hereby appointed as the Municipality's Bond Registrar.

Both the principal of and interest on the Bonds shall be payable in lawful money of the United States of America by the Bond Registrar. Payment of principal of the final maturity on the Bond will be payable upon presentation and surrender of the Bond to the Bond Registrar. Payment of principal on the Bond (except the final maturity) and each installment of interest shall be made to the registered owner of each Bond who shall appear on the registration books of the Municipality, maintained by the Bond Registrar, on the Record Date and shall be paid by check or draft of the Municipality and mailed to such registered owner at his or its address as it appears on such registration books or at such other address may be furnished in writing by such registered owner to the Bond Registrar.

Section 5. Security for the Bonds. The Bonds, together with interest thereon, shall not constitute an indebtedness of the Municipality nor a charge against its general credit or taxing power. The Bonds, together with interest thereon, shall be payable only out of the Debt Service Fund hereinafter created and established, and shall be a valid claim of the registered owner or owners thereof only against such Debt Service Fund and the revenues of the System pledged to such fund, on a parity with the pledge granted to the holders of the Prior Bonds. Sufficient revenues are hereby pledged to said Debt Service Fund, and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Prior Bonds, the Bonds and any Parity Bonds as the same becomes due.

Section 6. Funds and Accounts. In accordance with the Act, for the purpose of the application and proper allocation of the revenues of the System, and to secure the payment of the principal of and interest on the Prior Bonds, the Bonds and Parity Bonds, certain funds of the System which were created and established by a resolution adopted on October 18, 1993, as amended, are hereby continued and shall be used solely for the following respective purposes:

- (a) Revenue Fund, into which shall be deposited as received the Gross Earnings of the System, which money shall then be divided among the Operation and Maintenance Fund, the Debt Service Fund,

the Depreciation Fund and the Surplus Fund in the amounts and in the manner set forth in Section 7 hereof and used for the purposes described below.

- (b) Operation and Maintenance Fund, which shall be used for the payment of Current Expenses.
- (c) Sewerage System Special Redemption Fund (the "Debt Service Fund"), which shall be used for the payment of the principal of, premium, if any, and interest on the Prior Bonds, the Bonds and Parity Bonds as the same becomes due, and which may contain a Reserve Account established by a future resolution authorizing the issuance of Parity Bonds to secure such Parity Bonds.
- (d) Depreciation Fund, which shall be used to provide a proper and adequate depreciation account for the System.
- (e) Surplus Fund, which shall first be used whenever necessary to pay principal of, premium, if any, or interest on the Prior Bonds, the Bonds and Parity Bonds when the Debt Service Fund shall be insufficient for such purpose, and thereafter shall be disbursed as follows: (i) at any time, to remedy any deficiency in any of the Funds provided in this Section 6 hereof; and (ii) money thereafter remaining in the Surplus Fund at the end of any Fiscal Year may be transferred to any of the funds or accounts created herein or to reimburse the general fund of the Municipality for advances made by the Municipality to the System.

Section 7. Application of Revenues. After the delivery of the Bonds, the Gross Earnings of the System shall be deposited as collected in the Revenue Fund and shall be transferred monthly to the funds listed below in the following order of priority and in the manner set forth below:

- (a) to the Operation and Maintenance Fund, in an amount equal to the estimated Current Expenses for such month and for the following month (after giving effect to available amounts in said Fund from prior deposits);
- (b) to the Debt Service Fund, an amount equal to one-sixth (1/6) of the next installment of interest coming due on the Prior Bonds, the Bonds and any Parity Bonds then outstanding and an amount equal to one-twelfth (1/12) of the installment of principal of the Prior Bonds, the Bonds and any Parity Bonds coming due during such Bond Year (after giving effect to available amounts in said Fund from accrued interest, any premium or any other source), and any amount required by a future resolution

authorizing the issuance of Parity Bonds to fund a Reserve Account established therein;

- (c) to the Depreciation Fund, an amount determined by the Governing Body to be sufficient to provide a proper and adequate depreciation account for the System; and
- (d) to the Surplus Fund, any amount remaining in the Revenue Fund after the monthly transfers required above have been completed.

Transfers from the Revenue Fund to the Operation and Maintenance Fund, the Debt Service Fund, the Depreciation Fund and the Surplus Fund shall be made monthly not later than the tenth day of each month, and such transfer shall be applicable to monies on deposit in the Revenue Fund as of the last day of the month preceding. Any other transfers and deposits to any fund required or permitted by subsection (a) through (d) of this Section, except transfers or deposits which are required to be made immediately or annually, shall be made on or before the tenth day of the month. Any transfer or deposit required to be made at the end of any Fiscal Year shall be made within sixty (60) days after the close of such Fiscal Year. If the tenth day of any month shall fall on a day other than a business day, such transfer or deposit shall be made on the next succeeding business day.

It is the express intent and determination of the Governing Body that the amounts transferred from the Revenue Fund and deposited in the Debt Service Fund shall be sufficient in any event to pay the interest on the Prior Bonds, the Bonds and any Parity Bonds as the same accrues and the principal thereof as the same matures, and to fund the Reserve Account as required in connection with future Parity Bonds.

Section 8. Deposits and Investments. The Debt Service Fund shall be kept apart from monies in the other funds and accounts of the Municipality and the same shall be used for no purpose other than the prompt payment of principal of and interest on the Prior Bonds, the Bonds and any Parity Bonds as the same becomes due and payable. All monies therein shall be deposited in special and segregated accounts in a public depository selected under Chapter 34, Wisconsin Statutes and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes. The other funds herein created (except the Sewerage System CWFPP Project Fund) may be combined in a single account in a public depository selected in the manner set forth above and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes.

Section 9. Service to the Municipality. The reasonable cost and value of services rendered to the Municipality by the System by furnishing sewerage services for public purposes shall be charged against the

Municipality and shall be paid in monthly installments as the service accrues, out of the current revenues of the Municipality collected or in the process of collection, exclusive of the revenues derived from the System; that is to say, out of the tax levy of the Municipality made by it to raise money to meet its necessary current expenses. The reasonable cost and value of such service to the Municipality in each year shall be equal to an amount which, together with other revenues of the System, will produce in each Fiscal Year Net Revenues equivalent to not less than the annual principal and interest requirements on the Prior Bonds, the Bonds, any Parity Bonds and any other obligations payable from the revenues of the System then outstanding, times the greater of (i) 110% or (ii) the highest debt service coverage ratio required with respect to any obligations payable from revenues of the System then outstanding. However, such payment out of the tax levy shall be subject to (a) approval of the Public Service Commission, or successors to its function, if applicable, (b) yearly appropriations therefor, and (c) applicable levy limitations, if any; and neither this Resolution nor such payment shall be construed as constituting an obligation of the Municipality to make any such appropriation over and above the reasonable cost and value of the services rendered to the Municipality and its inhabitants or to make any subsequent payment over and above such reasonable cost and value.

Section 10. Operation of System; Municipality Covenants. It is covenanted and agreed by the Municipality with the owner or owners of the Bonds, and each of them, that the Municipality will perform all of the obligations of the Municipality as set forth in the Financial Assistance Agreement.

Section 11. Additional Bonds. The Bonds are issued on a parity with the Prior Bonds as to the pledge of revenues of the System. No bonds or obligations payable out of the revenues of the System may be issued in such manner as to enjoy priority over the Bonds. Additional obligations may be issued if the lien and pledge is junior and subordinate to that of the Bonds. Parity Bonds may be issued only under the following circumstances:

(a) Additional Parity Bonds may be issued for the purpose of completing the Project and for the purpose of financing costs of the Project which are ineligible for payment under the State of Wisconsin Clean Water Fund Program. However, such additional Parity Bonds shall be in an aggregate amount not to exceed 20% of the face amount of the Bonds; or

(b) Additional Parity Bonds may also be issued if all of the following conditions are met:

(1) The Net Revenues of the System for the Fiscal Year immediately preceding the issuance of such additional bonds must

have been in an amount at least equal to the maximum annual interest and principal requirements on all bonds outstanding payable from the revenues of the System, and on the bonds then to be issued, times the greater of (i) 1.10 or (ii) the highest debt service coverage ratio to be required with respect to the Additional Parity Bonds to be issued or any other obligations payable from the revenues of the System then outstanding. Should an increase in permanent rates and charges, including those made to the Municipality, be properly ordered and made effective during the Fiscal Year immediately prior to the issuance of such additional bonds or during that part of the Fiscal Year of issuance prior to such issuance, then Net Revenues for purposes of such computation shall include such additional revenues as an independent certified public accountant, consulting professional engineer or the Wisconsin Public Service Commission may certify would have accrued during the prior Fiscal Year had the new rates been in effect during that entire immediately prior Fiscal Year.

(2) The payments required to be made into the funds enumerated in Section 6 of this Resolution must have been made in full.

(3) The additional bonds must have principal maturing on May 1 of each year and interest falling due on May 1 and November 1 of each year.

(4) The proceeds of the additional bonds must be used only for the purpose of providing extensions or improvements to the System, or to refund obligations issued for such purpose.

Section 12. Sale of Bonds. The sale of the Bonds to the State of Wisconsin Clean Water Fund Program for the purchase price of up to \$2,323,791 and at par, is ratified and confirmed; and the officers of the Municipality are authorized and directed to do any and all acts, including executing the Financial Assistance Agreement and the Bonds as hereinabove provided, necessary to conclude delivery of the Bonds to said purchaser, as soon after adoption of this Resolution as is convenient. The purchase price for the Bonds shall be paid upon requisition therefor as provided in the Financial Assistance Agreement, and the officers of the Municipality are authorized to prepare and submit to the State requisitions and disbursement requests in anticipation of the execution of the Financial Assistance Agreement and the issuance of the Bonds.

Section 13. Application of Bond Proceeds. The proceeds of the sale of the Bonds shall be deposited by the Municipality into a special fund designated as "Sewerage System CWF Project Fund." The Sewerage System CWF Project Fund shall be used solely for the purpose of paying the costs

of the Project as more fully described in the preamble hereof and in the Financial Assistance Agreement. Moneys in the Sewerage System CWFPP Project Fund shall be disbursed within three (3) business days of their receipt from the State of Wisconsin and shall not be invested in any interest-bearing account.

Section 14. Amendment to Resolution. After the issuance of any of the Bonds, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Bonds have been paid in full as to both principal and interest, or discharged as herein provided, except: (a) the Municipality may, from time to time, amend this Resolution without the consent of any of the owners of the Bonds, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and (b) this Resolution may be amended, in any respect, with a written consent of the owners of not less than two-thirds (2/3) of the principal amount of the Bonds then outstanding, exclusive of Bonds held by the Municipality; provided, however, that no amendment shall permit any change in the pledge of revenues derived from the System or the maturity of any Bond issued hereunder, or a reduction in the rate of interest on any Bond, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Bonds may be redeemed or make any other modification in the terms of the payment of such principal or interest without the written consent of the owner of each such Bond to which the change is applicable.

Section 15. Defeasance. When all Bonds have been discharged, all pledges, covenants and other rights granted to the owners thereof by this Resolution shall cease. The Municipality may discharge all Bonds due on any date by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, or of a commission, board or other instrumentality of the U.S. Government, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the interest to accrue on each of said Bonds to its maturity or, at the Municipality's option, if said Bond is prepayable to any prior date upon which it may be called for redemption, and to pay and redeem the principal amount of each such Bond at maturity, or at the Municipality's option, if said Bond is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, provided that notice of the redemption of all prepayable Bonds on such date has been duly given or provided for.

Section 16. Rebate Fund. Unless the Bonds are exempt from the rebate requirements of the Internal Revenue Code of 1986, as amended (the "Code"), the Municipality shall establish and maintain, so long as the Bonds and any Parity Bonds are outstanding, a separate account to be known as the "Rebate Fund." The sole purpose of the Rebate Fund is to provide

for the payment of any rebate liability with respect to the Bonds under the relevant provisions of the Code and the Treasury Regulations promulgated thereunder (the "Regulations"). The Rebate Fund shall be maintained by the Municipality until all required rebate payments with respect to the Bonds have been made in accordance with the relevant provisions of the Code and the Regulations.

The Municipality hereby covenants and agrees that it shall pay to the United States from the Rebate Fund, at the times and in the amounts and manner required by the Code and the Regulations, the portion of the "rebate amount" (as defined in Section 1.148-3(b) of the Regulations) that is due as of each "computation date" (within the meaning of Section 1.148-3(e) of the Regulations). As of the date of this Resolution, the provisions of the Regulations specifying the required amounts of rebate installment payments and the time and manner of such payments are contained in Sections 1.148-3(f) and (g) of the Regulations, respectively. Amounts held in the Rebate Fund and the investment income therefrom are not pledged as security for the Bonds or any Parity Bonds and may only be used for the payment of any rebate liability with respect to the Bonds.

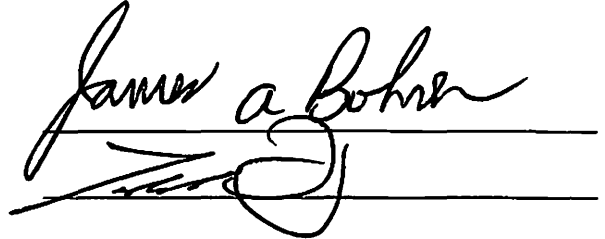

The Municipality may engage the services of accountants, attorneys or other consultants necessary to assist it in determining the rebate payments, if any, owed to the United States with respect to the Bonds. The Municipality shall maintain or cause to be maintained records of determinations of rebate liability with respect to the Bonds for each computation date until six (6) years after the retirement of the last of the Bonds. The Municipality shall make such records available to the State of Wisconsin upon reasonable request therefor.

Section 17. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the Municipality and the owner or owners of the Bonds, and after issuance of any of the Bonds no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 14, until all of the Bonds have been paid in full as to both principal and interest. The owner or owners of any of the Bonds shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the Municipality, the Governing Body thereof, and any and all officers and agents thereof including, but without limitation, the right to require the Municipality, its Governing Body and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 18. Continuing Disclosure. The officers of the Municipality are hereby authorized and directed, if requested by the State of Wisconsin, to provide to the State of Wisconsin Clean Water Fund Program and to such other persons or entities as directed by the State of

Wisconsin such ongoing disclosure regarding the Municipality's financial condition and other matters, at such times and in such manner as the Clean Water Fund Program may require, in order that securities issued by the Municipality and the State of Wisconsin satisfy rules and regulations promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended and as it may be amended from time to time, imposed on brokers and dealers of municipal securities before the brokers and dealers may buy, sell, or recommend the purchase of such securities.

Section 19. Conflicting Resolutions. All ordinances, resolutions (other than the Prior Resolutions), or orders, or parts thereof heretofore enacted, adopted or entered, in conflict with the provisions of this Resolution, are hereby repealed and this Resolution shall be in effect from and after its passage. In case of any conflict between this Resolution and the Prior Resolutions, the Prior Resolutions shall control as long as any of the respective Prior Bonds are outstanding.

This Bond does not constitute an indebtedness of said Municipality within the meaning of any constitutional or statutory debt limitation or provision.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen, and be performed precedent to and in the issuance of this Bond have existed, have happened and have been performed in due time, form and manner as required by law; and that sufficient of the income and revenue to be received by said Municipality from the operation of its Utility has been pledged to and will be set aside into a special fund for the payment of the principal of and interest on this Bond.

LOAN PROVISIONS

Section 3.01. Loan Clauses

(a) Subject to the conditions and in accordance with the terms of this FAA, the CWFP hereby agrees to make the Loan and the Municipality agrees to accept the Loan. As evidence of the portion of the Loan made to the Municipality remaining subsequent to the Principal Forgiveness, the Municipality hereby agrees to sell to the CWFP Municipal Obligations in the aggregate principal amount of \$2,323,791. The CWFP shall pay for the Municipal Obligations in lawful money of the United States, which shall be disbursed as provided in this FAA.

(b) Prior to disbursement, Loan proceeds shall be held by the CWFP or by the Trustee for the account of the CWFP. Earnings on undisbursed Loan proceeds shall be for the account of the CWFP. Loan proceeds shall be disbursed only upon submission by the Municipality of disbursement requests and approval thereof as set forth in Section 3.06 hereof.

(c) The Loan shall bear interest at the rate of one and 650/1000ths percent (1.650%) per annum, and interest shall accrue and be payable only on Loan principal amounts actually disbursed on the Municipal Obligations, from the date of disbursement until the date such amounts are repaid or forgiven.

(d) Disbursements of Financial Assistance shall generally be made: first, in the form of a Loan disbursement on the Municipal Obligations, which must be at least 5% of the Municipal Obligation amount or \$50,000, whichever is less; second, in the form of Loan disbursements that include the applicable percentage of Principal Forgiveness up to \$750,000; and third, if the Principal Forgiveness cap has been reached, in the form of Loan disbursements on the Municipal Obligations. Principal Forgiveness will be applied at the time of Loan disbursement.

(e) The Municipal Obligations shall include the Loan Disbursement Table (Exhibit C). The actual dates of disbursements shall be reflected as part of the Municipal Obligations. DOA shall make entries as each disbursement is made and as each principal amount is repaid; the CWFP and the Municipality agree that such entries shall be mutually binding.

(f) Upon Final Completion of the Project, DOA may request that the Municipality issue substitute Municipal Obligations in the aggregate principal amount equal to the outstanding principal balance of the Municipal Obligations.

(g) The Municipality shall deliver, or cause to be delivered, a Municipal Obligation Counsel Opinion to the CWFP concurrently with the delivery of the Municipal Obligations.

Section 3.02. Municipal Obligations Amortization Principal and interest payments on the Municipal Obligations shall be due on the dates set forth in Exhibit B of this FAA. It is understood that the actual amount of the Municipality's Municipal Obligations payments shall be based on the actual date and amount of disbursements on the Municipal Obligations. Notwithstanding the foregoing or anything in the Municipal Obligations, the Municipal Obligations shall be for no longer than twenty (20) years from the date of this FAA and shall mature and be fully amortized not later than twenty (20) years after the original issue date of the Municipal Obligations. Repayment of principal on the Municipal Obligations shall begin not later than twelve (12) months after the expected or actual Substantial Completion date of the Project.

Section 3.03. Type of Municipal Obligation and Security The Municipality's obligation to meet annual debt service requirements on the Municipal Obligations shall be a revenue obligation evidenced by issuance of revenue bonds pursuant to s. 66.0621, Wis. Stats. The security for the Municipality's obligation shall be a pledge of revenues to be derived from the Municipality's Sewerage System, and the Municipality shall agree that, if revenues from the Sewerage System are insufficient to meet annual debt service requirements, the Municipality shall purchase sewerage services in amounts sufficient to meet annual debt service requirements as provided in and set forth in Section 9 of the Municipal Obligation Resolution. The annual revenues net of all current expenses shall be equal to not less than the annual principal and interest requirements on the Municipal Obligations, any Parity Obligations, and any other debt obligations payable from the revenues of the Sewerage System then outstanding, times the greater of (i) 110 percent or (ii) the highest debt service coverage ratio required with respect to any Parity Obligations or any other debt obligations payable from the revenues of the Sewerage System then outstanding. As of the date of this FAA, the required debt service coverage ratio is 110 percent; however, this percentage is subject to change as outlined in the prior sentence. The Municipal Obligations are also secured as provided in Section 3.08 hereof.

Section 3.04. Other Amounts Payable The Municipality hereby expressly agrees to pay to the CWFP:

- (a) such Servicing Fee as the CWFP may impose pursuant to s. 281.58(9)(d), Wis. Stats., which shall be payable in semiannual installments on each interest payment date; such a Servicing Fee shall be imposed upon the Municipality after approval of a future Biennial Finance Plan by the State of Wisconsin Building Commission which contains a Servicing Fee requirement, schedule, and amount; and
- (b) the Municipality's allocable share of the Fees and Charges as such costs are incurred. Allocable share shall mean the proportionate share of the Fees and Charges based on the outstanding principal of the Loan.

Amounts paid by the Municipality pursuant to this Section 3.04 shall be deposited in the Expense Fund established pursuant to the General Resolution.

Section 3.05. Sale and Redemption of Municipal Obligations

- (a) Municipal Obligations may not be prepaid without the prior written consent of the CWFP. The CWFP has sole discretion to withhold such consent.
- (b) The Municipality shall pay all costs and expenses of the CWFP in effecting the redemption of the Bonds to be redeemed with the proceeds of the prepayment of the Municipal Obligations. Such costs and expenses may include any prepayment premium applicable to the CWFP and any investment losses incurred or sustained by the CWFP resulting directly or indirectly from any such prepayment.
- (c) Subject to subsection (a), the Municipality may prepay the Municipal Obligations with any settlements received from any third party relating to the design or construction of the Project.
- (d) Prepayments of the Municipal Obligations shall be applied pro rata to all maturities of the Municipal Obligations.

Section 3.06. Disbursement of Financial Assistance

- (a) Under this FAA, Financial Assistance shall be drawn in the order specified in Section 3.01(d) of this document.
- (b) Each disbursement request shall be delivered to DNR. Each request must contain invoices or other evidence acceptable to DNR and DOA that Project Costs for which disbursement is requested have been incurred by the Municipality.
- (c) The CWFP, through its agents or Trustee, plans to make disbursements of Financial Assistance on a semimonthly basis upon approval of each disbursement request by DNR and DOA. Such approval by DNR and DOA may require adjustment and corrections to the disbursement request submitted by the Municipality. The Municipality shall be notified whenever such an adjustment or correction is made by DNR or DOA.
- (d) Disbursements made to the Municipality are subject to pre- and post-payment adjustments by DNR or DOA.
- (1) If the Financial Assistance is not yet fully disbursed, and CWFP funds were previously disbursed for costs not eligible for CWFP funding or not eligible under this FAA, the CWFP shall make necessary adjustments to future disbursements.
 - (2) If the Financial Assistance is fully disbursed, including disbursements for any costs not eligible for CWFP funding or not eligible under this FAA, the Municipality agrees to repay to the CWFP an amount equal to the non-eligible costs within 60 days of notification by DNR or DOA. The CWFP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding Loan principal balance available to which the recovery may be applied).
- (e) The CWFP or its agent shall disburse Financial Assistance only to the Municipality's account by electronic transfer of funds. The Municipality hereby covenants that it shall take actions and provide information necessary to facilitate these transfers.
- (f) Disbursement beyond ninety-five percent (95%) of the Financial Assistance, unless otherwise agreed to by DNR and DOA pursuant to a written request from the Municipality, may be withheld until:
- (1) DNR is satisfied that the Project has been completed in accordance with the Plans and Specifications, DNR has approved all change orders relating to the Project, and DNR has determined that the Project is in compliance with the Municipality's WPDES Permit;
 - (2) the Municipality certifies to DNR its acceptance of the Project from its contractors;
 - (3) the Municipality certifies in writing to DNR its compliance with applicable federal requirements (certification must be as prescribed on Exhibit G); and
 - (4) DNR certifies in writing to DOA the Municipality's compliance with all applicable requirements of this FAA.
- (g) IRS Regulation 1.148-6(d)(1)(iii) applies to project expenditures. It states, in part, "An issuer must account for the allocation of proceeds to expenditures not later than 18 months after the later of the date the expenditure is paid or the date the project, if any, that is financed by the issue is placed in service".

Section 3.07. Remedies

(a) If the Municipality:

- (1) or any authorized representative is not complying with federal or state laws, regulations, or requirements relating to the Project, and following due notice by DNR the Project is not brought into compliance within a reasonable period of time; or**
- (2) is not complying with or is in violation of any provision set forth in this FAA; or**
- (3) is not in compliance with the Statute or the Regulations;**

then DNR may, until the Project is brought into compliance or the FAA non-compliance is cured to the satisfaction of DNR or DOA, impose one (1) or more of the following sanctions:

- (i) Progress payments or disbursements otherwise due the Municipality of up to 20% may be withheld.**
- (ii) Project work may be suspended.**
- (iii) DNR may request a court of appropriate jurisdiction to enter an injunction or afford other equitable or judicial relief as the court finds appropriate.**
- (iv) Other administrative remedies may be pursued.**

(b) If the Municipality fails to make any payment when due on the Municipal Obligations or fails to observe or perform any other covenant, condition, or agreement on its part under this FAA for a period of thirty (30) days after written notice is given to the Municipality by DNR, specifying the default and requesting that it be remedied, the CWFP is provided remedies by law and this FAA. These remedies include, but are not limited to, the following rights:

- (1) Pursuant to s. 281.59(11)(b), Wis. Stats., DOA shall place on file a certified statement of all amounts due the CWFP under this FAA. DOA may collect all amounts due the CWFP by deducting those amounts from any State payments due the Municipality, or add a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located under s. 70.60, Wis. Stats.**
- (2) Pursuant to s. NR 162.18(1), Wis. Adm. Code, DNR may: declare the unpaid Loan balance due and immediately payable; increase the interest rate on the unpaid balance of the Loan to the market interest rate in effect on the date the FAA was executed; or immediately terminate the FAA and disburse no additional funds, if the Loan has not been fully disbursed.**
- (3) The CWFP may, without giving bond to the Municipality or anyone claiming under it, have a receiver appointed for the CWFP's benefit of the Project and the Municipality's Sewerage System and of the earnings, income, rents, issues, and profits thereof, with such powers as the court making such appointment shall confer. The Municipality hereby irrevocably consents to such appointment.**
- (4) In the case of a joint utility system, the CWFP may bill the users of the Municipality's system directly.**
- (5) The CWFP may enforce any right or obligation under this FAA, including the right to seek specific performance or mandamus, whether such action is at law or in equity.**

Section 3.08. Security for the Municipal Obligations In accordance with the terms of the Municipal Obligation Resolution:

(a) as security for the Municipal Obligations, the Municipality hereby pledges the revenue to be derived from the Municipality's Sewerage System (which is a dedicated source of revenue); and

(b) other than as already pledged to the outstanding Parity Obligations, the Municipality shall not pledge the revenues, except as provided in Section 11 of the Municipal Obligation Resolution, to be derived from the Municipality's User Charge System or other revenues pledged under Section 3.08(a) above, to any person other than the CWFP, unless the revenues pledged to such other person meet the highest debt coverage ratio then applicable to the Municipality.

Section 3.09. Effective Date and Term This FAA shall become effective upon its execution and delivery by the parties hereto, shall remain in full force and effect from such date, and shall expire on such date as the Municipal Obligations shall be discharged and satisfied in accordance with the provisions thereof.

ARTICLE IV
CONSTRUCTION OF THE PROJECT

Section 4.01. Insurance The Municipality agrees to maintain property and liability insurance for the Sewerage System and Project that is reasonable in amount and coverage and that is consistent with prudent municipal insurance practices for the term of this FAA. The Municipality agrees to provide written evidence of insurance coverage to the CWFP upon request at any time during the term of this FAA.

In the event that the Sewerage System or Project is damaged or destroyed, the Municipality agrees to use the proceeds from its insurance coverage either to repay the Financial Assistance or to repair or replace the Sewerage System.

Section 4.02. Construction of the Project The Municipality shall construct the Project, or cause it to be constructed, to Final Completion in accordance with the Application and the Plans and Specifications. The Municipality shall proceed with the acquisition and construction of the Project in conformity with law and with all applicable requirements of governmental authorities having jurisdiction with respect thereto, subject to such modifications of Plans and Specifications that alter the cost of the Project, use of space, scope, or functional layout, as may be previously approved by DNR.

Section 4.03. Performance Bonds The Municipality shall provide, or cause to be provided, performance bonds assuring the performance of the work to be performed under all construction contracts entered into with respect to the Project. All performance bonds required hereunder shall be issued by independent surety companies authorized to transact business in the State.

Section 4.04. Completion of the Project

- (a) The Municipality agrees that it shall undertake and complete the Project for the purposes and in the manner set forth in this FAA and in accordance with all federal, state, and local laws, ordinances, and regulations applicable thereto. The Municipality shall, with all practical dispatch and in a sound and economical manner, complete or cause to be completed the acquisition and construction of the Project, and do all other acts necessary and possible to entitle it to receive User Fees with respect to the Project at the earliest practicable time. The Municipality shall obtain all necessary approvals from any and all governmental agencies prior to construction which are requisite to the Final Completion of the Project.
- (b) The Municipality shall notify DNR of the Substantial Completion of the Project. The Municipality shall cause to be prepared as-built plans for the Project at or prior to completion thereof.
- (c) The Municipality shall take and institute such proceedings as shall be necessary to cause and require all contractors and material suppliers to complete their contracts diligently and in accordance with the terms of the contracts including, without limitation, the correcting of defective work.
- (d) Upon Final Completion of the Project in accordance with the Plans and Specifications, the Municipality shall:
 - (1) certify to DNR its acceptance of the Project from its contractors, subject to claims against contractors and third parties;
 - (2) complete and deliver to DNR the completed Contract Utilization of Disadvantaged Business Enterprises (DBE) form attached hereto as Exhibit E of this FAA;
 - (3) prepare and deliver to DNR the completed Federal Requirements Compliance Certification attached hereto as Exhibit G of this FAA;

(4) obtain all required permits and authorizations from appropriate authorities for operation and use of the Project; and

(5) submit to DNR an Operation and Maintenance Manual Certification Checklist.

Section 4.05. Payment of Additional Project Costs

(a) In the event of revised eligibility determinations, cost overruns, and amendments exceeding the Financial Assistance amount, the CWFP may allocate additional financial assistance to the Project. The allocation of additional financial assistance may be in the form of a loan at less than the market interest rate, which is established pursuant to the Statute and Regulations. The allocation of additional financial assistance shall depend upon availability of funds, pursuant to the Statute and the Regulations.

(b) In the event that this Financial Assistance is not sufficient to pay the costs of the Project in full, the Municipality shall nonetheless complete the Project and pay that portion of the Project Costs as may be in excess of available Financial Assistance and shall not be entitled to any reimbursement therefore from the CWFP, or the owners of any bonds, except from the proceeds of additional financing which may be provided by the CWFP pursuant to an amendment of this FAA or through a separate FAA.

Section 4.06. No Warranty Regarding Condition, Suitability, or Cost of Project Neither the CWFP, DOA, DNR, nor the Trustee makes any warranty, either express or implied, as to the Project or its condition, or that it shall be suitable for the Municipality's purposes or needs, or that the Financial Assistance shall be sufficient to pay the costs of the Project. Review or approval of engineering reports, facilities plans, Plans and Specifications, or other documents, or the inspection of Project construction by DNR, does not relieve the Municipality of its responsibility to properly plan, design, build, and effectively operate and maintain the Project as required by laws, regulations, permits, and good management practices. DNR or its representatives are not responsible for increased costs resulting from defects in the Plans and Specifications or other Project documents. Nothing in this section prohibits a Municipality from requiring more assurances, guarantees, or indemnity or other contractual requirements from any party performing Project work.

**ARTICLE V
COVENANTS**

Section 5.01. Application of Financial Assistance The Municipality shall apply the proceeds of the Financial Assistance solely to Project Costs.

Section 5.02. Operation and Maintenance; Equipment Replacement Fund

(a) After completion of the Project, the Municipality shall:

- (1) at all times operate the Project or otherwise cause the Project to be operated properly and in a sound and economical manner, including proper training of personnel;
- (2) maintain, preserve, and keep the Project or cause the Project to be maintained, preserved, and kept in good repair, working order, and condition; and
- (3) periodically make, or cause to be made, all necessary and proper repairs, replacements, and renewals so that at all times the operation of the Project may be properly conducted in a manner that is consistent with the requirements of the WPDES Permit. The Municipality shall not, without the approval of DNR, discontinue operation of, sell, or otherwise dispose of the Sewerage System, except for portions of the Sewerage System sold or otherwise disposed of in the course of ordinary repair and replacement of parts so long as this FAA is outstanding.

(b) The Municipality shall establish an equipment replacement fund according to s. NR 162.08, Wis. Adm. Code, and maintain the equipment replacement fund as a separate fund of the Municipality. All User Fees or other revenues specifically collected for the equipment replacement fund shall be deposited into the equipment replacement fund and used for replacement and major repair of equipment necessary for the operation of the Sewerage System, or for unexpected, unbudgeted costs incurred for continuing effective operations of the Sewerage System. Annual deposits shall be made to the equipment replacement fund in amounts sufficient to meet the equipment replacement itemized schedule developed by the Municipality or the percentage schedule option. The Project Manager Summary Page (Exhibit F) shall specify the required annual deposit or required minimum balance/percentage.

Section 5.03. Compliance with Law At all times during construction of the Project and operation of the Sewerage System, the Municipality shall comply with all applicable federal, state, and local laws, ordinances, rules, regulations, permits, and approvals, and with this FAA, including, without limitation, the Statute, the Regulations, and the WPDES Permit.

Section 5.04. Public Ownership The Municipality shall at all times retain ownership of the Project and the Sewerage System of which it is a part.

Section 5.05. Establishment of Project Accounts; Audits

(a) The Municipality shall maintain Project accounts in accordance with generally accepted accounting principles (GAAP), including standards relating to the reporting of infrastructure assets and directions issued by the CWFP. Without any request the Municipality shall furnish to DOA as soon as available, and in any event within one hundred eighty (180) days after the close of each fiscal year, a copy of the audit report for such year and accompanying GAAP-based financial statements for such period, as examined and reported by such independent certified public accountants of recognized standing selected by the Municipality and reasonably satisfactory to DOA, whose reports shall indicate that the accompanying financial statements have been prepared in conformity with GAAP and include standards relating to the reporting of infrastructure assets.

(b) The Municipality shall maintain a separate account that reflects the receipt and expenditure of all CWFP funds for the Project. All Financial Assistance shall be credited promptly upon receipt thereof and shall be reimbursement for or expended only for Project Costs. The Municipality shall: permit any authorized representative of DNR or DOA, or agents thereof, the right to review or audit all records relating to the Project or the Financial Assistance; produce, or cause to be produced, all records relating to any work performed under the terms of this FAA for examination at such times as may be designated by any of them or their authorized representatives; permit extracts and copies of the Project records to be made by them or their authorized representatives; and fulfill information requests by them or their authorized representatives.

Section 5.06. Records The Municipality shall retain all files, books, documents, and records relating to construction of the Project for at least three years following the date of Final Completion of the Project, or for longer periods if necessary due to any appeal, dispute, or litigation. All other files and records relating to the Project shall be retained so long as this FAA remains in effect. As-built plans for the Project shall be retained for the useful life of the Project.

Section 5.07. Project Areas The Municipality shall permit representatives of DNR access to the Project and related records at all reasonable times, include provisions in all contracts permitting such access during construction and operation of the Sewerage System, and allow extracts and copies of Project records to be made by DNR representatives.

Section 5.08. Engineering Inspection The Municipality shall provide competent and adequate inspection of all Project construction under the direction of a professional engineer licensed by the State. The Municipality shall direct such engineer to inspect work necessary for the construction of the Project and to determine whether such work has been performed in accordance with the Plans and Specifications. Any such work not in accordance with the Plans and Specifications shall be remedied, unless such noncompliance is waived by DNR.

Section 5.09. Tax Covenants

(a) The Municipality covenants and agrees that it shall not take any action, or omit to take any action, which action or omission would result in the loss of the exclusion of the interest on any Municipal Obligations now or hereafter issued from gross income for purposes of federal income taxation as that status is governed by Section 103(a) of the Code or any successor provision.

(b) The Municipality shall not take any action, or omit to take any action, which action or omission would cause its Municipal Obligations to be "private activity bonds" within the meaning of Section 141(a) of the Code or any successor provision.

(c) The Municipality shall not directly or indirectly use, or permit the use of, any proceeds of the Bonds (or amounts replaced with such proceeds) or any other funds, or take any action, or omit to take any action, which use or action or omission would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148(a) of the Code or any successor provision. The Municipality hereby further covenants to ensure that all amounts actually received by such Municipality from the CWFP are advanced within three Business Days to the entity submitting the invoice (or to reimburse the Municipality) to which each amount relates, and that all amounts actually received by such Municipality from the CWFP shall not be invested in any interest-bearing account.

(d) The Municipality shall not use (directly or indirectly) the proceeds of the Bonds in any manner that would constitute an "advance refunding" within the meaning of Section 149(d)(5) of the Code or any successor provision.

Section 5.10. User Fee Covenant

(a) The Municipality hereby certifies that it has adopted and shall charge User Fees with respect to the Project in accordance with applicable laws and the Statute and in amounts such that revenues of the Municipality with respect to the Project shall be sufficient, together with other funds available to the Municipality for such purposes, to pay all costs of operating and maintaining the Project in accordance with this FAA, and to pay all amounts due under this FAA and the Municipal Obligations.

(b) The Municipality covenants that it shall adopt and shall adequately maintain for the design life of the Project a system of User Fees with respect to the Project in accordance with s. NR 162.08, Wis. Adm. Code. The Municipality covenants that it shall review the User Charge System at least every two years and shall revise and charge User Fees with respect to the Project such that the revenues and funds described in paragraph (a) shall be sufficient to pay the costs described in paragraph (a).

Section 5.11. Notice of Impaired System The Municipality shall promptly notify DNR and DOA in the case of: any material damage to or destruction of the Project or any part thereof; any actual or threatened proceedings for the purpose of taking or otherwise affecting by condemnation, eminent domain, or otherwise, all or a part of the Sewerage System; any action, suit, or proceeding at law or in equity, or by or before any governmental instrumentality or agency, or any other event which may impair the ability of the Municipality to construct the Project or operate the Sewerage System or set and collect User Fees as set forth in Section 5.10.

Section 5.12. Hold Harmless The Municipality shall save, keep harmless, and defend DNR, DOA, and all their officers, employees, and agents, against any and all liability, claims, and costs of whatever kind and nature for injury to or death of any person or persons, and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the construction, occupancy, use, service, operation, or performance of work in connection with the Project or acts or omissions of the Municipality's employees, agents, or representatives.

Section 5.13. Nondiscrimination Covenant

(a) In connection with the Project, the Municipality agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but is not limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Municipality agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provision of the nondiscrimination clause.

(b) The Municipality shall incorporate the following provision into all Project contracts which have yet to be executed: "In connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant because of age, race, religion, color, handicap, sex, physical condition, developmental disability, or national origin. The contractor further agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor further agrees to take affirmative action to ensure equal employment opportunities for persons with disabilities. The contractor agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provisions of the nondiscrimination clause."

Section 5.14. Employees The Municipality or its employees or agents are not employees or agents of the DNR or DOA for any purpose, including worker's compensation.

Section 5.15. Adequate Funds The Municipality shall have sufficient funds available to repay the Municipal Obligations. The Municipality shall have sufficient funds available when construction of the Project is completed to ensure effective operation and maintenance of the Project for purposes constructed.

Section 5.16. Management The Municipality shall provide and maintain competent and adequate management, supervision, and inspection at the construction site to ensure that the completed work conforms with the Plans and Specifications. The Municipality shall furnish progress reports and such other information as DNR may require.

Section 5.17. Reimbursement Any payment of Financial Assistance to the Municipality in excess of the amount determined by final audit to be due the Municipality shall be reimbursed to DOA within 60 days after DNR or DOA provides a notice of overpayment.

Section 5.18. Unpaid User Fees The Municipality shall, to the fullest extent permitted by law, take all actions necessary to certify any unpaid User Fees to the county treasurer in order that such unpaid User Fees will be added as a special charge to the property tax bill of the user.

Section 5.19. Sewer Use Ordinance The Municipality shall comply with the provisions of the Sewer Use Ordinance, as certified in the Application. The Municipality covenants that it shall comply with and enforce all provisions of the Sewer Use Ordinance, as established pursuant to the Statute and Regulations.

Section 5.20. Rebates The Municipality agrees to pay to the CWFP any refunds, rebates, credits, or other amounts received for Project Costs that have already been funded by the CWFP. The CWFP shall then apply the amount it receives as a Loan prepayment or as a recovery of a Loan disbursement with Principal Forgiveness (if there is no outstanding Loan principal balance for the Project).

Section 5.21. Maintenance of Legal Existence

(a) Except as provided in par. (b), the Municipality shall maintain its legal existence and shall not dissolve or otherwise dispose of all or substantially all of its assets and shall not consolidate with or merge into another legal entity.

(b) A Municipality may consolidate with or merge into any other legal entity, dissolve or otherwise dispose of all of its assets or substantially all of its assets, transfer all or substantially all of its assets to another legal entity (and thereafter be released of all further obligation under this FAA and the Municipal Obligations) if:

- (1) the resulting, surviving, or transferee legal entity is a legal entity established and duly existing under the laws of Wisconsin;
- (2) such resulting, surviving, or transferee legal entity is eligible to receive financial assistance under the Statute;
- (3) such resulting, surviving, or transferee legal entity expressly assumes in writing all of the obligations of the Municipality contained in this FAA and the Municipal Obligations and any other documents the CWFP deems reasonably necessary to protect its environmental and credit interests; and
- (4) the CWFP shall have consented in writing to such transaction, which consent may be withheld in the absolute discretion of the CWFP.

Section 5.22. Wage Rate Requirements The Municipality represents that it shall comply with Section 513 of the Federal Water Pollution Control Act (33 USC 1372), which requires that all laborers and mechanics

employed by contractors and subcontractors funded directly by or assisted in whole or in part with funding under this Loan shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor (DOL) in accordance with subchapter IV of chapter 31 of title 40, United States Code.

Section 5.23. Fiscal Sustainability Plan The Municipality has completed all required components of a Fiscal Sustainability Plan and shall maintain the plan at least for the life of the Loan.

Section 5.24. Use of American Iron and Steel The Municipality agrees to comply with requirements for Use of American Iron and Steel contained in section 608 of the Act for products used in the Project which are made primarily of iron and/or steel.

Loan Payment Schedule Comments

The following Loan Repayment Schedule is a hypothetical payment schedule that assumes all of the loan proceeds are drawn on the loan closing date. Since the Environmental Improvement Fund (“EIF”) loans are generally construction loans, the actual total amount of the loan disbursements, as well as the timing of the loan disbursements, will typically not be known until the construction project is complete. At the time that the last draw on your loan is made, the actual loan repayment schedule can be determined for the remainder of the loan term. Your municipality is only charged interest on the amount of the loan that is disbursed and the calculation is based on the number of days that the municipality has use of the money.

Please look over the following loan payment schedule so that you are aware of the dates when the interest payments start and when the principal payments will start. These payment dates are set in the bond/note that is the collateral for your EIF loan. A final loan payment schedule will be provided to you when DNR notifies DOA that the project is complete and the project is ready to be “closed-out”. A Loan Payment Schedule based on year-to-date disbursements may be obtained by your municipality or your auditor for planning or reporting purposes. To obtain a Loan Payment Schedule based on year-to-date loan disbursements, please go to:

<http://www.eif.doa.wi.gov>

and select the report titled “Loan Payment Schedule”.

If you have any questions on the following hypothetical loan payment schedule, please call Katherine Miller at 608-266-2305.

Other loan accounts reports are also available at the above website. Updated information is available on the website the day following a loan disbursement, a loan payment or other financial transaction that changes the loan balance.

Your EIF Loan Information is Available On-line!

The Environmental Improvement Fund has your loan/grant account information available on-line titled "EIF WebReports" at:

<http://www.eif.doa.wi.gov>

The following EIF WebReports are available:

Auditor Verification Report – This report will provide the information typically requested by Audit Firms at the end of each calendar year as part of their regular verification process for annual Financial Audits. This report is available for completed calendar years.

Loan Account History – This report will show loan disbursements, principal repayments and the loan balance as of the date that you select for the report.

Loan Payment Schedule – This report will show the scheduled principal and interest payments as of the date that you select for the report.

Payment History – This report will show the principal and interest payments that have already been made on the loan as of the date that you select for the report.

Disbursement History – This report will show both loan **and grant** disbursements that have been made for the selected project as of the date that you select for the report.

Only one WebReport can be run at a time. However, if your municipality has multiple EIF projects, one WebReport can be run for all the municipality's projects at one time. This can be done by choosing "All" where asked to select a project.

If you need to run multiple reports for a project, just close the window after running the first report, then you will be back at the page where you can select a second WebReport without having to again select the project number or re-enter the "as of" date.

At the top of the WebReports page, there is a link to "Notes about Running EIF WebReports". Information about a number of fine points related to the WebReports is contained in this section.

The WebReports will be available 24 hours a day unless the DOA server is down for maintenance or repairs. The WebReports are set-up so that you can either view the information on your computer screen, print-out a copy of the WebReport, or export the file in Excel format.

**Scope of Engagement Re: Proposed City of Sheboygan (the "City") Lease
Financing (the "Financing")**

Dear Marty:

We are pleased to be working with you as the City's special tax counsel in connection with the Financing.

The purpose of this letter is to set forth the role we propose to serve and responsibilities we propose to assume as special tax counsel in connection with the above-referenced Financing. If you have any questions about this letter or the services we will provide, or if you would like to discuss modifications, please contact me.

Role of Special Tax Counsel

Our special tax counsel engagement is a limited, special counsel engagement. Special tax counsel is engaged as a recognized independent expert whose primary responsibility is to render an objective legal opinion with respect to the taxability of interest on the payments due under the Financing.

As special tax counsel we will: examine applicable law; prepare and comment on documents; consult with the parties to the transaction, prior to the issuance of the Financing; review certified proceedings; and undertake such additional duties as we deem necessary to render the special tax counsel opinion described below. As special tax counsel, we do not advocate the interests of the City or any other party to the transaction. We assume that the

Mr. Marty Halverson

parties to the transaction will retain such counsel as they deem necessary and appropriate to represent their interests in this transaction.

Subject to the completion of proceedings to our satisfaction, we will render our opinion that the interest component of the rental payments due under the Financing will be excludable from gross income for federal income tax purposes (subject to certain limitations which may be expressed in the opinion).

The special tax counsel opinion will be executed and delivered by us in written form on the date the Financing closes (the "Closing") and will be based on facts and law existing as of its date.

Upon delivery of the opinion, our responsibilities as special tax counsel will be concluded with respect to this financing; specifically, but without implied limitation, we do not undertake (unless separately engaged) to provide any ongoing advice to the City or any other party concerning any actions necessary to assure that interest paid on the payments due under the Financing will continue to be excluded from gross income for federal income tax purposes, or participating in an Internal Revenue Service or other regulatory body survey or investigation regarding or audit of the Financing.

In rendering the opinion, we will rely upon the certified proceedings and other certifications of public officials and other persons furnished to us without undertaking to verify the same by independent investigation. As to state law matters, including the validity and enforceability of the Financing, we will rely on the opinion of the City Attorney.

The services we will provide under this engagement are strictly limited to legal services. We are neither qualified nor engaged to provide financial advice and we will make no representation about the desirability of the proposed plan of finance, the feasibility of the projects financed or refinanced by the Financing, or any related matters.

Diversity of Practice; Consent to Unrelated Engagements

Because of the diversity of practice of our firm, members of our firm other than those who serve you may be asked to represent other clients who have dealings with the City regarding such matters as zoning, licensing, land division, real estate, property tax or other matters which are unrelated to our special tax counsel work. Ethical requirements sometimes dictate that we obtain the City's consent to such situations even though our service to you is limited to the specialized area of special tax counsel. We do not represent you in legal matters regularly, although we may be called upon for special representation occasionally, and our special tax counsel work does not usually provide us information that will be disadvantageous to you in other representations. We do not believe that such representations of others would adversely

affect our relationship with you, and we have found that local governments generally are agreeable to the type of unrelated representation described above. We would like to have an understanding with you that the City consents to our firm undertaking representations of this type. Your approval of this letter will serve to confirm that the City has no objection to our representation of other clients who have dealings with the City, unrelated to the borrowing and finance area or any other area in which we have agreed to serve it. If you have any questions or would like to discuss this consent further, please call us.

Fees

Based upon: (i) our current understanding of the terms, structure, size and schedule of the financing, (ii) the duties we will undertake pursuant to this letter, (iii) the time we anticipate devoting to the Financing, and (iv) the responsibilities we assume, we estimate that our fee will be \$5,000. It is our understanding that our fee will be paid at the time of the Closing.

If, for any reason, the financing is not consummated or is completed without the rendition of our opinion as special tax counsel, we will expect to be compensated at our normal hourly rates for time actually spent, plus out-of-pocket expenses. We customarily do not submit any statement until the Closing unless there is a substantial delay in completing the financing.

Terms of Engagement

Either the City or Quarles & Brady may terminate the engagement at any time for any reason by written notice, subject on our part to applicable rules of professional conduct. If the City terminates our services, the City is responsible for promptly paying us for all fees, charges, and expenses incurred before the date we receive termination. We reserve the right to withdraw from representing the City if, among other things, the City fails to honor the terms of this engagement letter – including the City's failing to pay our bills, the City's failing to cooperate or follow our advice on a material matter, or our becoming aware of any fact or circumstance that would, in our view, render our continuing representation unlawful or unethical.

Unless previously terminated, our representation will terminate when we send to the City (or its representative) our final bill for services rendered. If the City requests, we will promptly return the City's original papers and property to you, consistent with our need to ensure payment of any outstanding bills. We may retain copies of the documents. We will keep our own files, including attorney work product, pertaining to our representation of the City. For various reasons, including the minimization of unnecessary storage expenses, we may destroy or otherwise dispose of documents and materials a reasonable time after termination of the engagement.

City Responsibilities

We will provide legal counsel and assistance to the City in accordance with this letter and will rely upon information and guidance the City and its personnel provide to us. We will keep the City reasonably informed of progress and developments, and respond to the City's inquiries. To enable us to provide the services set forth in this letter, the City will disclose fully and accurately all facts and keep us apprised of all developments relating to this matter. The City agrees to pay our bills for services and expenses in accordance with this engagement letter. The City will also cooperate fully with us and be available to attend meetings, conferences, hearings and other proceedings on reasonable notice, and stay fully informed on all developments relating to this matter.

Limited Liability Partnership

Our firm is a limited liability partnership ("LLP"). Because we are an LLP, no partner of the firm has personal liability for any debts or liabilities of the firm except as otherwise required by law, and except that each partner can be personally liable for his or her own malpractice and for the malpractice of persons acting under his or her actual supervision and control. As an LLP we are required by our code of professional conduct to carry at least \$10,000,000 of malpractice insurance; currently, we carry coverage with limits substantially in excess of that amount. Please call me if you have any questions about our status as a limited liability partnership.
