Marina, Parks & Forestry Report**

**Date: Tuesday, August 6, 2019**

**Deland Garage**

The exterior of the Deland garage is completed with work being done on the inside when time allows. Concrete driveways are in and the asphalt trail is being restored at the time of this report. All fencing and barricades will be removed in time for the Gus Macker event held on August 3<sup>rd</sup>. There will still be some landscaping needed this fall.

**Optimist Park Splashpad**

The splashpad has been used a lot already this summer. Kids are often seen playing back and forth between the playground equipment at the splashpad. It has taken some time to establish grass back around the area but it is starting to look good. One portion of the fence was removed last week and the rest will be removed in shortly. Representatives of the Optimist club along with the Mayor will be joining us for a ribbon cutting ceremony celebrating the opening of the new addition to the park. Please join us if you can on
