The Quarterly Report of Benchmarks for the Police Department for the Period commencing October 1, 2017 and ending December 31, 2017 is presented for information and discussion as required by section 54-65 of the Municipal Code.

**STAFF COMMENTS:**

Highlights of the report are as follows:

- Overall Part 1 Crimes decreased by 20% year to date in comparison to the same period in 2016 (957 vs. 1199), including a 15% decrease in aggravated assaults, a 33% decrease in thefts and a 24% decrease in burglaries.
- Traffic accidents decreased year to date (1,736 vs.1,900) in correlation with the directed seat belt enforcement initiatives that have been deployed in high accident corridors. These deployments are also responsible for the 31% increase in traffic stops during the year to date period.
- There has been a 6% increase in parking tickets in comparison to 2016. This continues to look promising going forward as we have transitioned one of the full time Community Service Officer positions to part time equivalent employees.
- The year finished with a 9% increase in involuntary commitments for the year in comparison to 2016. Down from the 26% increase that we were trending earlier in the year. This continues to be concerning because of the large number of resources consumed by these calls.
